

Step 1

You can obtain your *Estimated Earnings* by submitting RI 20-97 to your Military Finance Center, which will return a detailed breakdown of your basic pay for each year you served.

Step 2

Find your deposit percentage on the chart titled, "Military Deposit Information" (Below)

EXAMPLE:	
1 Year of Military Base Pay	\$45,386
Deposit Percentage x	3 %
1 Year Deposit Total	\$1,361.58

Step 3

Your total military deposit is the sum of each year's deposit, so calculate the 3% amount for every year you served separately and then combine the totals.

Military Base Pay Year 2 x 3%	\$1,456.25
Military Base Pay Year 3 x 3% +	\$1,573.19
