OUR STORY *Storia*

FROM OUR HEARTS TO YOURS

“Our journey began in Cyprus, where we dedicated ourselves to creating weddings that were as meaningful as they were memorable. Over the years, we had the privilege of planning and hosting countless engagements and weddings, and were honoured to be recognised as award-winning planners. Still, we carried a dream that reached beyond Cyprus — a dream of Italy. Italy has always held a special place in our hearts: the rolling hills, timeless architecture, generous hospitality, and a culinary tradition unlike anywhere else. When we discovered Abruzzo, with its unspoiled landscapes and authentic character, we knew it was the perfect place to bring our vision to life.

L'Farfalla Bianca was created from that dream and one of a white butterfly; a venue where couples can celebrate in privacy, luxury and comfort, with space for loved ones to gather, breath-taking countryside as a backdrop, and fine dining that celebrates Italy's rich culinary heritage. More than a venue, it is a place where every detail has been considered, where elegance meets authenticity, and where love is celebrated in its truest form, to mirror ours.”
