

Camera Ready Preparation
2nd International Conference on
Vehicular Technology and Transportation System (ICVTTS) 2025
19 - 20 Sep, 2025, Bangalore

Submission of Camera Ready Paper and Copyright Transfer via CMT Portal

Camera Ready UPLOAD deadline - 15 Aug 2025

INSTRUCTIONS:

Step 1 - Prepare Your Final Paper as per IEEE Template with a minimum (4) to a maximum (6) number of pages in standard IEEE format.

Find the IEEE Conference Template @ <https://www.ieee.org/conferences/publishing/templates>

Step 2 – Check your Final Camera Ready Paper (Must use PDF eXpress)

Camera-ready paper should be prepared by strictly paying attention to the comments of the reviewers and TPC Guidelines (Guideline is given in detail below)

Step 3 - IEEE PDF Express Creation

Please add IEEE Copy Right Notice at the bottom of the First Page should be;

979-8-3315-6522-0/25/\$31.00 ©2025 IEEE

Log in to the IEEE PDF eXpress site: IEEE PDF eXpress: Login (ieee-pdf-express.org)

- First-time users should do the following:
 1. Select the New Users - Click Here link.
 2. Enter the following:
 - 67119X for the Conference ID (Provide your conference ID. This ID is for other conference)
 - your email address
 - a passwordContinue to enter information as prompted.
- An Online confirmation will be displayed and an email confirmation will be sent verifying your account setup.
Previous users of PDF eXpress need to follow the above steps, but should enter the same password that was used for previous conferences. Verify that your contact information is valid

If everything is fine, you will get PDF file on the login page as well in the email.

- Click on “Download PDF”, the IEEE PDF Express PDF is generated.

Step 4 – To fill Electronic Copyright Form (ECF)

- When you log-in to your CMT portal: <https://cmt3.research.microsoft.com/ICVTTS2025> , you will see an option on your paper information page under Camera Ready i.e. 'Submit IEEE Copyright Form'.
- Click on that and follow the process. Once the copyright form is generated (PDF file), do not forget to upload it under this section only. It is mandatory to transfer the copyright of your paper to IEEE for publication.
- Please DO NOT use the Edit Submission Option on your author console on CMT.

Step 5 – Submission of camera-ready paper, IEEE PDF Express PDF and IEEE copyright form (Before, you must register - visit the registration page)

- When you log-in to your CMT portal: <https://cmt3.research.microsoft.com/ICVTTS2025>, you will see an option, 'Create Camera Ready Submission' against your paper ID.
- You need to upload **three files** here,

- 1) Final camera-ready paper named as “CRP_PID<Your CMT Paper ID>. pdf ”.
- 2) Final IEEE PDF Express PDF named as “PID<Your CMT Paper ID>. pdf “
- 3) IEEE Copyright form names as “CopyrightReceipt_PID<Your CMT Paper ID>.pdf”

Camera Ready UPLOAD deadline - 15 Aug 2025

TPC GUIDELINES:

In addition to reviewer’s comments, kindly follow the TPC guideline. It is **Mandatory**.

The following guidelines **MUST be FOLLOWED** even REVIEWERS have or have not mentioned towards Camera Ready otherwise, **we will NOT Submit your paper to IEEE Xplore**:

1. **DO NOT Change any font style** and size, Section heading, subsection heading, etc.
2. Title should be written with **First Capital Letter** of Each Word
3. **No Title** of author like Dr, Professor, Students should be written
4. **No Designation of authors** should be included, **NO IEEE Member** or Fellow should be included
5. Authors from the same affiliation should be written in **SINGLE COLUMN** separated by comma. No need of including email of each author. One email is enough
6. Abstract should be limited to around **150 words**.
7. **Keywords** should be included after abstract
8. Maintain **consistency** in writing
9. Section I: **Introduction** - normally has standard 5 paragraphs, while first two para provides basic idea of the subject, motivate the readers, explains the importance of doing this work (with few citation – citation must be in sequence), the 3rd para must say what is existing recently and what are the gaps still found. This gives us the opportunity to mention our original contribution and novelty of this work in 4th para. The last, 5th para includes what is there in rest of the manuscript. No Figure and comparison table of literature is accepted.
10. **DO NOT include the Literature Section or State of Art or Recent Work in Section II**. Since we have included it in 3rd para of introduction, it is NOT required. All literature (only recent and most relevant should be a single para which is 3rd para of Introduction).
11. Section II can be System Architecture, Methodology, Design, depending on work. (that is other sections can be titled according to the work)
12. Conclusion section title can be only **Conclusion**. Don’t split the contents in multiple para.
13. Acknowledgement (if any) should **not be given any Section No**.
14. Moreover, university where faculty/scholar work are not to be acknowledged.
15. **Reference** should not have Section No.

16. Try to keep **Fig. and Table either on top or bottom of the page** where it is first time cited. They can be cascaded if 2 or more fig./tables are kept together.
17. Restrict references to **Not more than 11-13**. In fact, a standard conference has typically 7-9 references. But, if needed, 11-12 is fine. Not more than this. Keep only relevant and recent work in references. Avoid online (weblink) as reference. If necessary and if a research paper is not available on that topic, a link can be included but must be in proper format like when accessed and so on.
18. **Formatting of reference** must be maintained.
19. Figure and Table qualities must be good. Label, legend, axis text must be visible. Their placement and size should not go beyond the column width. Keep page length not more 4-6 pages.
20. **In NO case, you should change the template and font. Keep the template and format of the text, table, according to the template in your manuscript.**

Authors have to follow these points **without any argument, without any question**. We may not come back to you if the above points are not followed. Your paper will NOT be submitted to Xplore.
