INTRODUCTION

Welcome to Geniex Media, a leading pioneer in the world of 3D services. As a cutting-edge 3D services provider, we pride ourselves on delivering unparalleled creativity and technical prowess to a diverse range of industries.

We invite you to embark on a journey that unveils the boundless potential of 3D technology. Whether you're a visionary architect seeking to transform blueprints into lifelike renderings or a game developer yearning to breathe life into captivating virtual worlds, our 3D services are tailor-made to bring your boldest ideas to fruition.

AGENDA

Our mission is to harness the power of 3D modeling, animation and visualization to elevate your projects to new heights. Through these pages discover the diverse array of services we offer in the GENIEX+ subscription plan and how they can transform the way you communicate.

Our team of skilled artists, designers and technicians will ensure precision, quality and artistic brilliance in every project – be it the virtual world of gaming or the tangible realm of architectural design.

But it's not just about our services; it's about YOU. Your vision and ambition are the sparks that ignite our passion. Our commitment to your success drives us to delivering outcomes that surpass your expectations.

Welcome to the realm of GENIEX+, where the future is rendered, animated, and visualized in stunning 3D brilliance. Let's embark on a transformative voyage where imagination knows no bounds.

At Geniex, we specialize in a wide array of 3D services, each meticulously designed to cater to the unique needs of various products, services and creative endeavors. Check out our suite of offerings given below

Services

3D Modeling: From architectural designs to lifelike characters and product prototypes, our 3D modeling services breathe life into your concepts. We use cutting-edge software to craft detailed and realistic 3D models that form the foundation of your projects.

3D Animation: Whether it's character animation, product demonstrations, or cinematic sequences, our talented animators bring stories to life, infusing emotion and vitality into every movement.

3D Rendering: Our 3D rendering capabilities showcase your designs from every angle, adding depth, texture, and lighting for truly stunning visualizations.

Augmented Reality (AR) Services: Seamlessly blend the real world with the digital realm through our AR services. We create interactive AR experiences that enhance products, marketing campaigns, and user engagement.

Virtual Reality (VR) Services: Take your audience on unforgettable virtual journeys with our VR services. We craft immersive experiences, allowing users to explore virtual worlds and interact with your brand on a deeply personal level.

Texturing and Shading: Elevate your 3D models to astonishing levels of realism with our expert texturing and shading services. From lifelike materials to vibrant colors, we ensure that every surface exudes authenticity and allure.

Key benefits of 3D services:

- **Enhanced Visualization**
- **Immersive Experiences**
- **Design Iterations**
- **Increased Productivity**
- **Accurate Prototyping**
- **Competitive Edge**
- **Engaging Marketing and Advertising**
- **Improved Communication**

At Geniex, we harness a powerful combination of software and advanced tools to deliver exceptional 3D services. Our dedicated team of skilled professionals employ cutting edge technology using the following industry-leading applications:

- Autodesk Maya
- Blender
- 3ds Max
- Cinema 4D
- ZBrush
- V-Ray
- Arnold
- Octane Render
- Unity
- Unreal Engine
- ARKit
- ARCore
- Substance Painter
- Adobe Photoshop
- Mari
- Photogrammetry Software
- Autodesk AutoCAD
- SolidWorks
- Rhino
- OptiTrack
- Vicon
- Unity
- Unreal Engine
- CryEngine
- Unity High Definition Render Pipeline (HDRP)
- Unreal Engine's real-time ray tracing capabilities

Our expertise in utilizing these resources sets us apart as a leading force in the 3D services industry, enabling us to consistently deliver results that amaze and delight our clients.

QUALITY ASSURANCE

At Geniex, we adhere to rigorous quality assurance practices throughout the entire 3D services process to ensure the highest standards of excellence are met.

- **Thorough Review Process**
- **Attention to Detail**
- **Feedback Incorporation**
- **Testing and Prototyping**
- **Consistency in Output**
- **Adherence to Industry Standards**

CUSTOMER SUPPORT

At Geniex, customer support is at the core of our client-centric approach. We are dedicated to forging long-lasting relationships by providing constant support throughout the entire project journey

- **Prompt Communication**
- **Responsive Assistance**
- **Collaborative Approach**
- **Post-Project Support**

FAQ

What is GENIEX+?

Geniex+ is a premium subscription offered by Geniex. Immerse yourself in the world of exceptional and unlimited 3D design services, including modeling, animation and visualization. Geniex+ subscribers get access to exclusive benefits like exceptional design services, priority treatment, special discounts on additional projects, advanced features, and priority access to new releases and updates.

Is the Geniex+ Subscription Plan available for everyone?

No, the Geniex+ Subscription Plan is available only to businesses operating in Canada, UAE and The USA. You can still fill out our application form to show your interest.

What do I get as a GENIEX+ member?

as a GENIEX+ member, you get access to benefits such as:

- priority project handling
- personalized creative solutions
- enhanced quality and attention to detail
- advanced tools and technologies
- exclusive discounts on additional services
- early access to new features and updates
- invitations to exclusive events and workshops

How do I subscribe to Geniex+?

To subscribe to Geniex+, simply visit our website and select your Geniex+ plan. Follow the prompts to complete the application process. Once we receive your application, you'll be contacted soon.

Is technical support included in the Geniex+ plan?

Yes, Geniex+ subscribers receive priority technical support from our dedicated team of experts. Our support team is available to assist you with any issues or inquiries related to your subscription.

Can I cancel my Geniex+ subscription?

Yes, you have the flexibility to cancel your Geniex+ subscription within 10 days from purchase. However, only 50% of the payment will be refunded.

Are there any discounts available for long-term subscriptions?

Yes, we offer attractive discounts for customers who choose to subscribe to Geniex+ for longer durations. The longer the subscription period, the greater the discount you can enjoy. Moreover, Geniex+ members can avail exclusive discounts from us on our Digital Marketing services too.

What payment methods are accepted for the Geniex+ subscription?

We accept payments through Razorpay and PayPal, subscribers can pay via cards, local payment methods (e.g, Trustly, Sofort and Giropay) or local bank transfers.. You can choose the payment option that best suits your convenience.

Are there any limitations on the number of projects I can undertake with Geniex+?

With the Geniex+ Subscription, you enjoy unlimited project capabilities with the PREMIUM or ELITE plan. There are no restrictions on the number of projects you can undertake.

How many projects can I have running at a time?

All our plans allow our subscribers to have 4 projects running simultaneously.

Is there a trial period for Geniex+ before committing to a subscription?

Currently, we do not offer a trial period for the Geniex+ Subscription Plan.

Are there any special promotions or bonuses available to Geniex+ subscribers?

Yes, we periodically offer exclusive promotions and bonuses to our Geniex+ subscribers. Keep an eye on our website and newsletters to stay updated on the latest offers.

What happens if I forget to renew my Geniex+ subscription?

Since the plan works on a prepaid model, you can avail the services only after making your payment. However, your data and projects will remain intact and you can easily renew your Geniex+ subscription at any time.

Where is your company located at?

We are located in Bangalore, India. But we are virtually everywhere

How will I be contacted and updated?

Subscribers will be contacted through Zoom call or Google meet by our project managers and authorities. A daily report regarding ongoing projects will be sent by EOD to the subscribers.

Is there a minimum commitment period for the Geniex+ plan?

The Geniex+ plan offers flexible subscription options, allowing users to choose the duration that best fits their needs. There is no minimum commitment period, and you can switch plans at any time.

Are there any restrictions on the types of projects or industries that can benefit from the Geniex+ plan?

Geniex+ is designed to cater to a wide range of projects and industries. Whether you're an individual artist, a creative agency, or a professional designer, Geniex+ offers the tools and features to enhance your projects, irrespective of the industry you operate in.

What happens to my projects and data if the Geniex+ platform experiences a technical issue or outage?

We have robust backup and data recovery systems in place to ensure minimal disruptions in the event of technical issues or outages. Your projects and data are continuously backed up, ensuring their safety and accessibility.

Is there a limit to the number of revisions or iterations I can request for a project under the Geniex+ plan?

With Geniex+, you enjoy the flexibility of unlimited revisions and iterations for your projects on PREMIUM and ELITE plans. We encourage collaboration and work closely with you to achieve the desired outcomes for your creative endeavors.

If you have any other questions or need further information, don't hesitate to contact our support team. We are here to assist you and provide the best experience with Geniex+ Subscription Plan.

What's different?

The average salary of a Mid-Level 3D Artist with a few years of experience and a solid portfolio is around \$50,000 to \$70,000 annually.

Let's assume you hire two 3d Artists and their salary is \$60,000 annually. This equals to $\$5,000 + \$5,000 = \$10,000$ per month.

Hiring and maintaining a full-time 3D artist can be expensive, with costs extending beyond salary to include benefits, equipment, software, and training. Our subscription model provides an all-inclusive package at a fixed monthly fee starting at just \$1999, eliminating the need for additional overhead costs.
