EXPERIENCE

Freelance, Remote, Liverpool & Ireland.

Video / Audio Editing, Motion Design, Graphic Design. October 2023 - Present

I've recently been working on various freelance projects such as;

Real People Eat Plants - Edited video podcasts, and created motion graphics for multiple shows and websites.

Plant Based On Fire, Real Men Eat Plants, The Glen Merzer Show - Edited video & audio podcasts, created social media clips, coordinated scheduling times with team.

Green Growth Mentors - Edited video clips from mentoring sessions, created motion graphics, and website graphics.

London Hairdressing Academy - Created a series of education videos. Compiled footage for a variety of different haircuts, and colouring methods. Edited the footage, added transitions, colour grading, subtitles, background music to suit the brand.

Freelance, Remote, Ireland.

UX / UI. March 2022 - October 2023

I worked on various freelance projects ranging from UX Research, UI Design, Motion Design & Animation.

Cyber Patio, Hybrid, Barcelona.

UX / UI Design Student. October 2021 - March 2022

Lead the creation of 3 UX / UI projects;

draftwerk - A desktop app that combines the logistics online artistic collaboration such as file transferring, messaging capabilities and project management.

The Ordinary Redesign - I helped strengthen the ethos of the brand by further democratising the science and technology behind their skincare products.

Out Again - A project where I designed an app to help users practice being social after periods of isolation.

NoExit, Ireland

Artwork & Motion Designer for musical project

Designed multiple album artworks, logos and animations for my musical project, using Figma, Affinity Photo, Procreate, Adobe Creative Suite, and my own bare hands.
