

INVERTER AC/DC MMA STICK WELDING MACHINE

PRO STICK 400 AC/DC

- **Dual AC/DC Capability:** Weld a variety of materials, from aluminum to stainless steel, with seamless AC/DC mode switching.
- **Advanced Inverter Technology:** Enjoy stable arc welding and minimal spatter through cutting-edge inverter tech.
- **Amperage Range:** Tackle any project with adjustable amperage, from delicate to heavy-duty welding tasks.
- **Precision Controls:** Achieve precise results by fine-tuning welding parameters with intuitive controls.
- **Durable Construction:** Withstand rugged environments; our welder ensures reliability and longevity.
- **Portability:** Take your welding companion anywhere with its ergonomic, lightweight design.
- **Enhanced Controls:** Arc Force, Hot Start, and High OCV Devise for easy arc control and impressive Bend Test results.

MODEL	PRO-STICK 400 AC/DC
Input Voltage / Frequency	415V+10%, 3-PH, 50/60HZ
Rated Input Current (A)	25
Rated Input Capacity (KVA)	18
Rated No-Load Voltage (V)	80
Output Current Range (A)	20-400A
Rated Duty Cycle (%)	60
Efficiency (%)	85
Max. OCV (V)	80
Power Factor	0.9
Insulation Class	F
Protection Class	IP21
Dimension (MM)	660×330×610
Gross Weight (KG)	40
