Taught us how to reach the skies.

Title: Story of Babasaheb Ambedkar"

Once upon a time, there was a little boy named Bhim.

His full name was Bhimrao Ramji Ambedkar.

Bhim loved to read books and go to school every day.

He was a very curious and smart boy.

Sometimes, people told him,

“You can’t do this or that.”

But Bhim was brave. He did not feel sad.

He kept learning and working hard.

He studied a lot and became a very wise man.

He helped make important rules for our country.

He gave us the Constitution of India. He also known as known as the "Father of the Indian Constitution"

He wanted everyone to be equal and happy.

People lovingly called him Babasaheb Ambedkar.

Now, we celebrate his birthday as Ambedkar Jayanti. He taught us to learn, respect, and always be kind.
