STRENGTHENING THE REGION,
BRIDGING GENERATIONS

MISSION

Generate profound and measurable transformation by applying Biblical worldview to close the gap between the biblical design of nation and our contemporary nations.

VISION

To manifest God's wisdom and intelligence to the world by shaping systems, organizations, and nations that produce freedom, prosperity, and justice.

WE ARE YOUR ALLY TO FULFILL
THE MISSION THAT GOD HAS
GIVEN YOU.

15+ Years of
Experience

The Church — is the doctor of the nations. If nations are sick, we should know why and what to do about it.

Properly handling the word of God is the Church's ultimate stewardship and the only hope for the nations. If we give them only a portion, it will not be enough for them to be free.

***If we cannot diagnose
we cannot cure.***

***If we cannot heal,
we cannot transform.***

BODY

Cultural and Psychographic Worldview Assessment

1. Heal the Soul of the Nation — Its Cultural, Mind and Heart

- Expose the lies in the culture that hinder flourishing.
- Corruption is not just a system issue — it's a heart issue.
- Division, resentment, and past wounds trap nations in cycles of conflict.
- The **Cultural Mind Map** reveals these lies and points to truths that heal.

Measuring Nations by God's Design

2. Heal the Structures & Systems — The “Body” of the Nation

- God designed systems — they must align with His principles.
- The Biblical Framework of Nations help us:
 - Identify urgent areas of need
 - See the gap between the biblical model and reality
 - Measure and track transformation
 - Learn from success cases
 - Design clear, attainable goals

CULTURAL AND PSYCHOGRAPHIC WORLDVIEW ASSESMENT

Unveiling toxic mindsets and myths
that hinder human flourishing

***“The culture you tolerate
becomes the identity you carry.”***

4 MOST COMMON REASONS WHY NATIONS GET SICK

01 1. Violence & Wars

Civil wars and protracted conflicts that fracture trust among citizens.
Dictatorships or political persecutions that leave generations marked by fear.
Ideological revolutions that destroy symbols, traditions, and a sense of continuity.
Terrorism, guerrilla warfare, or drug-related violence, which normalize death and desensitize society.

02 2. Rejection of the truth & openness to paganism

03 3. Historical guilt in the redeemed

Nations that live trapped in the past, blaming others (colonizers, rich people, governments, men), develop a victim mentality that sickens their collective soul.
Examples:

04 4. Ethnic divisions, caste systems, classism, etc.

When a culture stops believing that there is an objective truth—and replaces “what is true” with “what I feel”—, its entire moral structure becomes fluid.

1

Understand the worldview of the nation concerning their country, people and values.

2

Identify the mental barriers and toxic myths that restrict development and growth and their roots.

3

Evaluate the cultural and psychographic factors that affect spiritual, intellectual, political, economic, and social performance.

4

Analyze how toxic myths are affecting negative cultural behaviors & lifestyles.

4

Manual for cure. Truths that need to be emphasized to break the lies that are impeding transformation.
