

URVARAKAM

FERTILIZER

An ISO 9001:2015 Certified Company

Wholesaler | Importer | Exporter | Supplier

OUR MISSION

To empower farmers and agricultural businesses around the world by delivering premium-quality fertilizers that promotes healthy crops and sustainable farming.

OUR VISION

To be the most trusted global partner in agricultural inputs, contributing to food security and environmental responsibility.

OUR ETHOS

The real truth about any product lies in its ingredients. Products made with 100% natural ingredients are safer and more eco-friendly than those made without synthetic chemicals. At Urvarakam Fertilizer Company, we provide high-performance organic fertilizers that deliver real results.

We are a leading wholesale distributor and global exporter of high-quality organic fertilizers, committed to supporting agricultural growth and sustainability worldwide. With years of experience in the agri-culture industry, we specialize in supplying a wide range of Organic Fertilizers, Organic Manures, PROM (Phosphate Rich Organic Manures) and Mixed Fertilizers like NPK mixed and SSP, MgSO₄, Ammonium Sulphate, different grade of water Soluble fertilizers, Micro nutrients, soil conditioner as well as different type of Pesticides and tailored fertilizers to meet the diverse needs of farmers, agribusinesses, and retailers across domestic & international markets.

Our success is rooted in strong relationships with trusted manufacturers, a reliable logistics network, and an unwavering commitment to quality. Every product we deliver undergoes strict quality control to ensure it meets both domestic and international standards.

As demonstrated by our slogan below, we adhere to the Vedic agricultural system, which is the foundation of modern agronomy.

स्वभूमिं पुनःसजीवं कुरु, स्वजीवनं समृद्धयतु Revitalize your land, Enrich your life

Agriculture has been the backbone of human civilization since ancient times. The ancient Indian civilization, known as the Indus Valley Civilization, was one of the earliest civilizations that relied heavily on agriculture for survival. The Vedas, ancient Indian texts dating back over 3000 years, contain a wealth of knowledge about agriculture and farming. Vedic Farming is a modern approach that integrates the ancient wisdom of the Vedas with modern scientific techniques to create a sustainable and holistic agricultural system.

We pride ourselves on being more than just a supplier – we are your agricultural growth partner. Whether you're a large-scale importer, a local distributor, or an agricultural co-op, our goal is to provide you with consistent supply, competitive pricing, and expert support to help you thrive.

Benefits of using Urvarakam fertilizer in Vedic farming :

- **Environmentally Sustainable**

Vedic Farming promotes the use of natural and organic methods of farming that do not harm the environment or any living beings. It also helps to conserve biodiversity and reduce the use of chemical fertilisers and pesticides.

- **Better Soil Health**

Vedic Farming emphasises the importance of maintaining healthy soil. It promotes using natural fertilisers, such as cow dung and compost, and crop rotation to improve soil health and fertility.

- **Higher Crop Yields**

Vedic Farming techniques have been shown to increase crop yields and improve product quality. This is due to the use of natural fertilisers, crop rotation, and the promotion of biodiversity.

- **Better Nutrition**

Vedic Farming promotes the use of natural and organic methods of farming that do not use chemical fertilisers and pesticides. This results in produce that is healthier and more nutritious.

WHY CHOOSE US?

AGRICULTURE →

- Trusted sourcing from certified manufacturers
- Customized solutions for diverse agricultural needs
- Efficient and reliable domestic & global export services
- Dedicated customer support and technical guidance

OUR GLOBAL REACH

AGRICULTURE →

"Building a sustainable future, locally and globally. With a presence in key agricultural regions, we tailor our organic fertilizer solutions to specific needs."

PRODUCT RANGE

Bio Fertilizer

Bio Fertilizer

- NPK(nitrogen(N), phosphorus (P) and potassium (K)) Microbial Consortia/BIO-NPK LIQUID
- Mycorrhiza fertilizer
- Bio Npk Granules (Carrier Based Consortia)
- Cow dung powder/ manure
- Vermicompost

PRODUCT RANGE

Organic Fertilizer

- Phosphate Rich Organic Manure (PROM)
- Organic Manure(Humic +Zyme Granules)
- Potash 14.5%
- Bio NPK Fertilizer
- Zyme-based granular fertilizers (Tillering Granules NPK)
- Khol
- Mix Granules

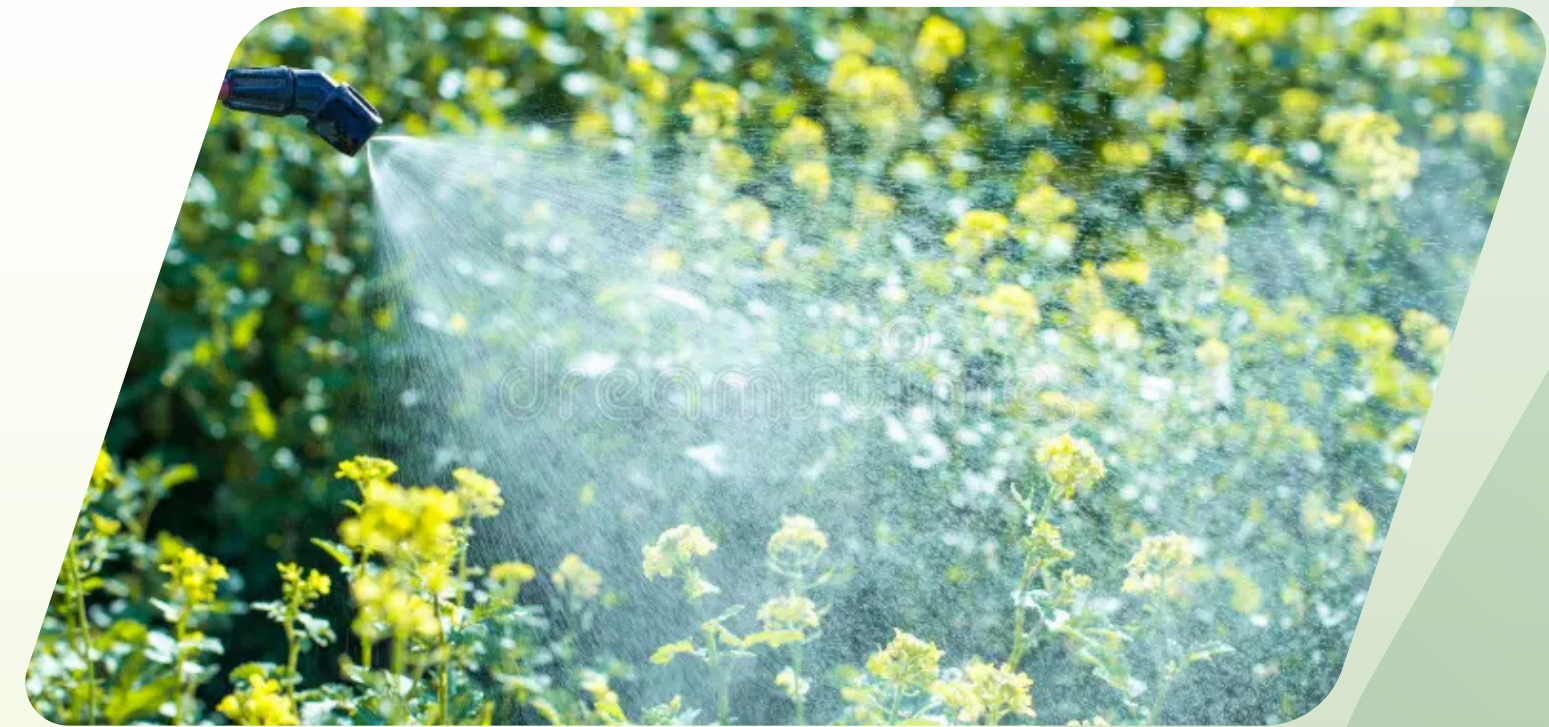

Organic Fertilizer

PRODUCT RANGE

Water Soluble Fertilizer

- Potassium Nitrate (KNO_3)/NPK 13:00:45
- NPK 13:40:13
- NPK 19:19:19
- Potassium Sulphate(K_2SO_4)/NPK 00:00:50
- MKP or Mono Potassium Phosphate(KH_2PO_4)/NPK 00:52:34
- MAP or Mono Ammonium Phosphate($\text{NH}_4\text{H}_2\text{PO}_4$)/NPK 12:61:00

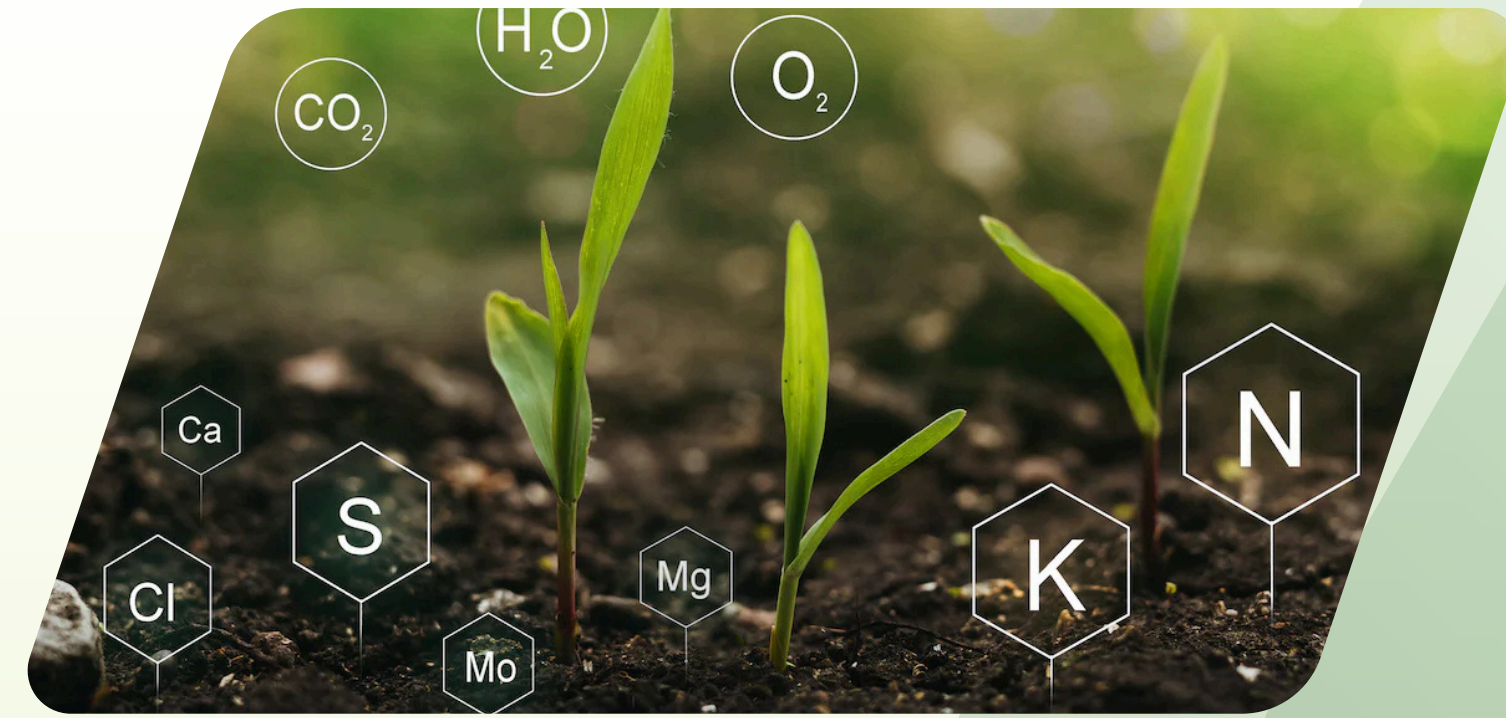

Water Soluble Fertilizer

PRODUCT RANGE

Micronutrients & Other

- Calcium Nitrate
- Boronated Calcium Nitrate
- Zinc 33% Sulfer 15%
- Di-sodium octaborate tetrahydrate(DOT)($\text{Na}_2\text{B}_8\text{O}_{13} \cdot 4\text{H}_2\text{O}$)
- Humic & Seaweed 98% (Water soluble)
- Organic Carbon(Water soluble)
- Organic Carbon
- zinc sulphate monohydrate
- Magnesium sulfate (MgSO_4)
- Diatomite silicon fertilizer with micronutrients
- Seaweeds 98 %
- Sulphur 90%

Micronutrients & Other

PRODUCT RANGE

Liquid Fertilizer

- Liquid NPK Fertilizer/NPK 00:50:60
- Zinc , Boron And NPK
- Liquid Ammonium Polyphosphate(DAP 10%34%)
- Zinc Oxide(Zinc 39.5 %)
- Urea Ammonium Nitrate (UAN 32)
- Calcium Nitrate
- Pottasium Thaio Sulphur
- Boron 10%
- Zyme Liquid Fertilizer

Liquid Fertilizer

PRODUCT RANGE

Soil Booster/Enhancer

Soil Booster/Enhancer

- Agriculture Soil Booster
- Humic Amino Fulvic
- Soil Conditioner Granules (Ca Mg S 20:05:20 Granules)
- Soil Charger & Booster
- 8% Seaweed ,6% Humic , 6% Amino and 6% Fulvic

PRODUCT RANGE

Plant Growth Enhancer

- Plant Growth Enhancer
- Plant Growth Enhancer
- Super potassium Humate 98%.

Plant Growth Enhancer

Flowering Stimulant

- Growth and flowering simulator

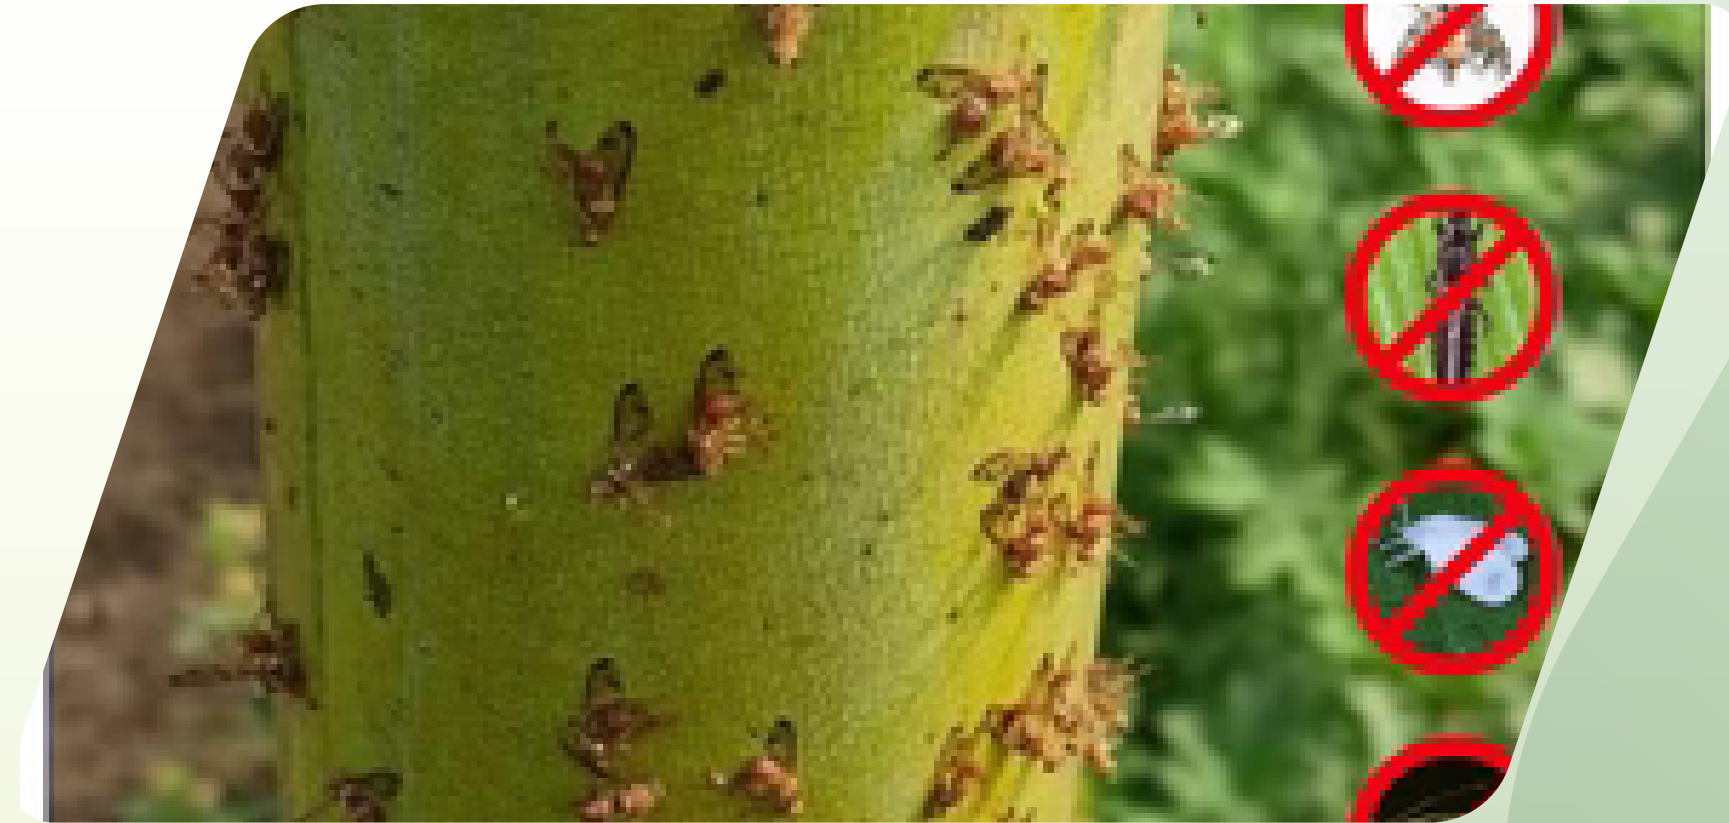

Flowering Stimulant

PRODUCT RANGE

Bio fungicides & insecticide

- Trichoderma Harzianum
- Trichoderma Viride 1.5% w.p.
- Pseudomonas Fluorescents 1 % w.p.
- Bio Larvicide(Bio Pesticide | Insecticide)
- Bio fungicide & nimiticide
- Verticillium lecanii 2.0% A.S. (Bio Fungicide)
- Neem Leaf Granules

Bio fungicides & insecticide
