**ELITE EXPERTISE**<sup>®</sup>  
Quality learning where knowledge meets practice

# PSI TCQR Equivalence Examination – Indicative Syllabus

- Physiology
- From Molecules to Cells
- Biochemistry
- Organic and Inorganic Chemistry for Pharmacy
- Physical Pharmacy I
- Pharmaceutical Analysis I
- Introduction to Pharmaceutics and Formulation, including Mathematical Methods and Pharmaceutical Calculations
- Practice of Pharmacy I
- General Principles of Pharmacology
- Properties & Analysis of Materials used in Medicines
- Physical Pharmacy II, Drug Transport and Kinetics
- Formulation and Pharmaceutical Technology
- Practice of Pharmacy II
- Pharmaceutical Biochemistry and Biotechnology
- Molecular & Chemotherapeutic Pharmacology and Clinical Therapeutics
- Blood, Cardiovascular & Renal Pharmacology and Clinical Therapeutics
- Properties & Analysis of Materials used in Medicines
- Physical Pharmacy II, Drug Transport and Kinetics

# INDICATIVE SYLLABUS OF PSI EQUIVALENCE EXAM

- Formulation and Pharmaceutical Technology
- Practice of Pharmacy II
- Pharmaceutical Biochemistry and Biotechnology
- Molecular & Chemotherapeutic Pharmacology and Clinical Therapeutics
- Blood, Cardiovascular & Renal Pharmacology and Clinical Therapeutics
- Organisation and Management Skills
- Professional Skills Development
- Professional Practice
- Advanced Pharmaceutical Chemistry, Drug Discovery and Design
- Evidence Informing Practice
- Senior Sophister Capstone Research Project
