

The Mission of Nacogdoches Arts Collaborative is to provide artistic opportunities in art, theatre, music, dance, and creative writing to groups in need of those services, including, but not limited to: the socio-economically disadvantaged, homeschoolers, and senior citizens. Our goal for **The Arts Ball** is to raise short term operating funds and begin fundraising for an arts center providing classrooms, exhibit, and performance spaces to serve our mission.

Please consider making a donation of an original artwork, products, or services from your business for a silent auction during **The Arts Ball**. The silent auction will be promoted on our website and online bidding will be available to anyone, even if they are unable to attend the ball.
