13
14 response = openai.ChatCompletion.create(model=model,messages=messages,temperature=temperature)
15
16 print(response.choices[0].message['content'])
17

```

Talking Heads sing loud
Innovative, quirky sound
Remain legends now

Abraham revered
Father of many nations
His faith unwavering

Jesus Christ, our savior
Redeeming love everlasting
Forgiveness is key

Word-2-Vec, so smart
AI that learns words on own
Future tech at start

```
