## Valuable Related Experience: Art Gallery Manager at Park West Gallery

Managed gallery operations and curated exhibitions onboard for Park West Gallery, the world’s largest art dealer. Planned and executed themed art shows and live auctions, while coordinating cross-promotional efforts with internal departments and guest services. This experience developed my strengths in event coordination, audience engagement, public speaking, and high-pressure logistics — all directly relevant to producing dynamic, time-sensitive events like the 48 Hour Film Project.

## About me

Award-winning and nominated writer/director with hands-on experience producing my own films and working on set across dozens of commercials and several television shows. Highly efficient, enthusiastic, and a natural connector with strong networking skills. As a past 48HFP winner and multi-time nominee, I bring a deep understanding of the festival’s energy, structure, and creative spirit. As well as great PR skills to successfully plan and execute events.
