OF COURSE we safeguard money and cash cheques. But we go further. We maintain specialist departments whose functions, although not 'banking' in the usual sense, can nevertheless be used to very good purpose. These departments will, for example, act as an Executor, help with a customer's Income Tax problems, obtain currency for foreign travel. They will do many more things besides. But the moral of this multiplicity of functions is simply this; if you have any problem of finance or business, the chances are that we can help you deal with it. And that is what we mean by 'banking'.
