

Whitepaper - \$CR-9

1. Executive Summary

\$CR-9 is a utility token built on the Solana blockchain, designed to revolutionize football fan engagement. With \$CR-9, fans can access exclusive events, purchase official merchandise, obtain VIP match tickets, and experience unique interactions with players and clubs.

2. Tokenomics

The \$CR-9 tokenomics ensures fair distribution and long-term sustainability.

Token Distribution

- Presale: 50% (500M \$CR-9)
- Liquidity: 25% (250M \$CR-9)
- Marketing & Development: 15% (150M \$CR-9)
- Team & Partners: 7% (70M \$CR-9)
- Rewards & Staking: 3% (30M \$CR-9)

3. Roadmap

- Q1 2025: Token creation, presale launch, and community building.
- Q2 2025: Listing on DEX (Raydium, Jupiter), marketing campaigns.
- Q3 2025: Integration with clubs and VIP experiences for holders.
- Q4 2025: Global expansion and ecosystem consolidation.

4. Security & Governance

We prioritize security and compliance through:

- Smart contract audits
- Liquidity & vesting lock measures
- Adherence to EU and Middle Eastern regulations

5. Join the \$CR-9 Movement!

\$CR-9 is not just a cryptocurrency, but a revolution in football fandom. Join our community and be part of the future!
