HEC MONTRÉAL

ODYSSEY

PREPARATORY YEAR INTEGRATORS
HEC MONTRÉAL

WHO WE ARE

Odyssey is a group of 9 dedicated and diligent students aspiring to become the next integration committee for the preparatory year at HEC Montréal from 2025 to 2026. Our role? To integrate future HEC students, helping them adapt to university life and Quebec culture. Through the planning of various events and activities, we aim to provide them with a memorable experience.

WHY WORK WITH US?

Every year, committees organize competitions and events in partnership with various companies. Collaborating with Odyssey is an opportunity for you to gain significant publicity and recognition within the student community. In exchange for monetary donations, products, or services, we offer proximate interaction and communications on our platforms, initially during our election week (which takes place from March 24 to 27), but also over a more extended period throughout our term if we are elected.
