For folks that live on Lake Lewisville, this is what grass and clean water look like.

Stillhouse Hollow

Worth the drive?

Features:

- Extremely clear water. Perfect for throwing topwater.
- Lots of hydrilla. Pack a punch rig.
- Flooded timbers, limestone bluffs and lots of rock.
- Look out for smallies. We don't see them often. Make it count!
- Contains several deep areas. 107' is the deepest when at full pool.
- TPWD enlists locals to help bait the lake with brush piles.

What to know:

- A lot of fish will be bedding down. Get ready for a good one.
- Stillhouse is at 61% of full pool, nearly 17' low.
- Rated as "good" by TPWD for largemouth and smallmouth.
- Recent fishing reports point to working birds as key indicator of where to fish.
- Be mindful of the temps on your electronics. Likely colder 10' down.

Texas Bass Nation Updates

- TCBC turned up for Texas Bass Nation, but we didn't exactly "turn it up". We had 7 boats complete, more than any other club, but only Blackstock and Diehl managed to crack the top 1/2 of the field.
- Chris Demiglio, Alonza Brown, Chris Nettles, Jerry Miller and DaShon Peck head to Muskogee, OK in a few weeks to represent TCBC in the Bass Nation Super Regional tournament.
