FRI
DAY

Water & Popsicles go together like Happiness and Sunshine. That's why every Friday, for the entire Summer, will be Water Day & Popsicle Day. Be sure to send your kids each Friday with a swimming suit, a towel, sunscreen and \$1 or \$2.

Summer Water Activities

Summer has arrived and so have our outdoor Summer time water activities. We are asking that all kids have their own bottle of Sunscreen that we can label with their name and keep on hand. This has proven to be the most effective way at making sure that every child is protected.

Summer Safety

With summer now here, we all try to dress to best survive the hot weather. Clothing and footwear become skimpier.

We ask for your help in keeping your child injury-free by dressing them in sneakers or sturdy sandals. Backless sandals and flip flops are particularly hazardous and make it difficult for your child to participate in outdoor activities and should not be worn. We do a lot of running and climbing and do not like to exclude children from these activities based on your child's footwear your child's feet need support. Thanks for your help!
