### IVAIGO Unites Europe for ErasmusDays 2024: Highlighting Positive Digital Parenting and Collaboration

IVAIGO proudly celebrated #ErasmusDays 2024 by organizing an incredible online event, bringing together 17 organizations from across Europe. This international conference provided an excellent platform for exchanging ideas, sharing best practices, and building new partnerships around Erasmus+ initiatives focused on inclusion, creativity, and innovation.

As part of the event, partners from Estonia and Turkey presented our Erasmus+ project Positive Digital Parenting, which aims to empower parents with the skills and tools needed to guide their children in the digital world. This initiative was warmly received, highlighting the collaboration between our partners and their commitment to addressing the challenges of parenting in the digital age. The project was a key feature in the discussions, showcasing its potential to make a lasting impact on families across Europe.
