Webinars & Workshops

Help Desk for Students (HDFS) has scheduled various webinars and workshops for students on highly valuable topics by experts. All students are requested to become aregistered students of helpdeskforstudents.com so that we can update regarding the scheduled webinars and workshops.

Global economy

HDFS has scheduled a session on GLOBAL ECONOMY OUTLOOK. This session would be highly useful for UG and PG students and they would understand the changes in global economy and how it would impact an individual life.

Science and technology

Science and Technology Fair STF2024 is proposed to be organized soon by HDFS to bring out the innovative and creative science and technology abilities of students. It will showcase the talent of creative students.

Culture and entertainment

HDFS would be organizing Cultural Festival for students BHARATIYA SANSKRUTHI 2024 very soon. Interested students may please contact HDFS for registration. Limited entries will be accepted due to time constraints.

Unlocking Creativity: The Importance of Creative Thinking Skills for Students

An article on Creative Thinking Skills for students has been published in our website. Please visit blog section of www.helpdeskforstudents.com and read the entire article which is highly useful for students.
