

PROXJ

CRANE TELEPROMPTER

Fortinge's PROXJ Crane Teleprompter offers excellent performance in professional broadcasting, conferences, and speeches, especially when used with a crane in studios. With the 15-inch PROXJ monitor, you achieve bright and clear visuals. The LED backlight and wide viewing angle ensure perfect visibility from any angle. It can easily connect to your device via VGA, HDMI, AV, and optional SDI inputs and outputs, allowing for seamless operation.

Designed with portability in mind, its compact design and lightweight structure make it easy to transport. With a 12V DC input voltage and 24W power consumption, it offers energy efficiency. The PROXJ Crane Teleprompter is built to be a reliable solution in any professional environment.
