TOUCH SCREEN
PROT156

An All-in-One solution to the demands of modern broadcasting

The TOUCHSCREEN PRO156 was developed as an '**all-in-one**' response to today's broadcasting demands. It has 10 different capacitive sensitive touch points, to ensure it is highly responsive.

The PC Hardware is useful in many different ways. Specially designed for Professional Broadcast usage, it is also perfect as a TV/control room main controller, touch screen and digital signage solution.

Comes with reinforced case for safe transport.
