The ROBO IP is here, designed for PTZ cameras

PTZ cameras are gaining popularity across all vertical markets of professional video production, from education to corporate video and TV broadcasting. The ROBO IP is a teleprompter for PTZ cameras, offering NDI technology to help broadcast professionals and non-professionals alike to talk to the camera.

With a wide range of monitor sizes from 19″ up to 24″, it is compatible with many different PTZ camera types from small to large size. From the largest size of PTZ cameras like Sony BRC-X1000, ILME-FR7 or Canon CR-N700, CR-N500 are adaptable with ROBO Studio Teleprompter. (Ask for different PTZ models.).

ROBO IP Studio Teleprompter is designed to industrial standards, offering up to 50,000 hours of operation.

Additionally, its easy setup, collapsible rigid hood and adjustable mounting plate differentiate it from similar products in the field. The trapezoidal glass provides a wide viewing for the PTZ camera.

The FORPROMPT STUDIO / STUDIO NEWS Teleprompter Softwares are optional as well as the clock and talent monitor. Available in both Regular & High Brightness versions.
