

SL-F PD Series

New 7.2 V Battery Replacement Solutions for Sony Users.

L-Series Batteries - Affordable High-Capacity Batteries with Multiple Power Outputs

The IDX **SL-F50PD** and **SL-F70PD** are extra high-capacity 7.2V Lithium Ion batteries compatible with all equipment and accessories using the Sony L-Series battery and are a replacement battery solution for equipment or accessories using the Sony L-Series batteries such as the Sony NP-F970. Both batteries feature a USB-A output and USB-C PD Charging and output, capable of charging the battery (with the IDX UC-PD series of USB-C PD chargers) or powering 7V accessories. Other compatible chargers: IDX's LC-2A 2ch simultaneous charger with interchangeable plates.

• Note the SL-F50PD and SL-F70PD no longer have the X-tap interface found in the earlier product series.

Main Features

- Cost-effective Sony L-Series Battery Replacement
- 1x USB-A, 1x USB-C (input/output)
- Compatible with all Sony L-Series Mounts
- 4-LED power indicator
- Durable design and casing
