PRODUCT DESCRIPTION

Feature-Length Production Power

The Anton/Bauer VCLX LI is the ultimate portable power solution for off-grid productions. This robust floor battery boasts an impressive 1600Wh capacity, offering over twice the power of the VCLX NM2 while being lighter at just 25.5 lbs. It delivers multi-voltage output (14.4V, 28V, or 48V) from two XLR4 outputs and one XLR3, seamlessly powering cameras, monitors, and lighting equipment.

The VCLX LI features a 2.4" LCD screen for real-time monitoring, smart electronic fuses, and built-in Wi-Fi for easy data management via the Anton/Bauer Fleet Management software. Designed with a durable, IP65-rated anodized aluminum chassis, it's built to withstand demanding environments, making it the perfect power source for any production.
