Work Experience

Nuwa XR Ireland – Dublin, Ireland (Fully remote, France-based)

Project Manager (Fixed-Term Contract, 6 months) | March 2025 – August 2025

6-month contract as the Project Manager for an Extended Reality (XR) startup specialising in providing solutions to the humanitarian, culture and commercial sectors.

- Scrum Master for an 11-person engineering team and OpenProject admin
- Planned and led successful migration from Jira and Confluence to OpenProject
- Led sprint planning, reviews, retros, and backlog sessions; tracked actions.
- Administered OpenProject (projects, Scrum boards, Gantt, roles, permissions).

Lazorama – Arith, 73340, France

Business Owner (Self-Employed) | March 2023 – March 2025

Founder, e-commerce giftware brand covering web build, production, marketing, fulfilment, and support.

- Built and operated a Woo Commerce site (UX, product pages, payments, integrations).
- Launched a 6-language, 5-currency storefront across Europe and North America.
- Managed end-to-end operations: product design, manufacturing, order fulfilment, and support.
- Drove acquisition and retention via Google Ads and on-page SEO; tracked KPIs with analytics.
- Increased sales by ~17% via targeted campaigns.

Gen (formerly NortonLifeLock) – Paris, France (Fully remote, France-based)

Principal Optimisation Analyst (Permanent) | July 2018 – February 2023

Was a member of the E-commerce Insights & Optimisation team; partnered with Product, Marketing, and Engineering to improve UX, sales, and customer satisfaction.

- Global lead for CRM retention testing.
- Executed 300+ A/B tests; averaging ~5% annual CLV uplift.
- Designed/prioritised tests across acquisition and retention; Agile Kanban delivery.
- Analysed with Adobe Target/Adobe Analytics; built customised KPI dashboards.
- Resolved high-impact defects; presented insights shaping the roadmap.

CPL Solutions for Microsoft Ireland – Dublin, Ireland

E-commerce Catalogue Manager (Permanent) | November 2014 – June 2018

Member of Microsoft's Digital Stores global projects team supporting EMEA/APAC storefronts; delivered daily catalogue ops and web production during the transition from Digital River to the in-house OCX platform.

- Web producer for confidential global launches (content, assets, go-live); on-time, error-free
- Set up products/pricing in ANCAP; improved data quality and consistency.
- Maintained catalogue configs on Digital River; implemented promos and cross-sells.
- Supported new e-commerce platform rollout: migration prep, UAT, and issue resolution
- Established improved, more efficient pricing process

Symantec Corporation – Dublin, Ireland

Principal Online Program Specialist (Permanent) | March 2012 – November 2014

E-commerce experimentation lead for Symantec (EMEA); owned A/B testing across acquisition and renewal funnels.

- Led delivery of A/B/n tests for Partnerships OEM and CRM renewals teams in EMEA
- Wrote test plans with KPIs, targeting/segmentation, and risk/QA steps.
- Coded and setup targeting for 200+ campaigns in Adobe Target
- Monitored results and delivered concise read-outs with clear recommendations.
