

Homeowners Guide

General Pest Prevention Checklist

Living Space

- Keep rooms dry, maintain humidity below between 40-60%.
  
- Change water in vases weekly.   

Bathroom

- Use pest-proof floor traps.      
- Regularly clean floor traps and drainage walls.     
- Hang mops to keep dry.    

Kitchen

- Check for leaks at the water tap or under the sink.   
- Keep the sink clean; clear food scraps and do not leave dishes overnight.   
- Keep uncooked and opened food items like biscuits, tea, noodles, and rice in airtight containers.   
- Use bins with auto-closing lids.     

Windows & Doors

- Install window meshes.    
- Check for backdoor gaps and install a rubber sweep.
   

Homeowners Guide

Others

- Minimize clutter such as old newspapers, plastic bags, or egg cartons. Dispose of or recycle them regularly.

- Clean spilled food and water immediately.

- Seal gaps between the drain hole and washing machine pipe.

Outdoors (Front/Backyard)

- Trim branches and shrubs so they do not touch the house.

- Overturn or store away unused containers.

- Occasionally move water dishes/planters without drainage holes to check for ant nests.

- Unclog roof gutters.
