Dear Trustee,

Re: Request for Participation in a Brief Survey on Church Leadership and Congregational Diversity

I hope this message finds you well. I am conducting a brief survey to explore the relationship between congregational diversity and church leadership within FIEC-affiliated churches. Understanding the current landscape helps us identify strengths and areas for growth, encouraging unity and ensuring that leadership truly reflects the congregations they serve. Your honest and thoughtful responses will be instrumental in this process.

Please take a few moments to complete the survey by clicking the button below:

Thank you for your time, honesty, and commitment to the health and growth of the Church.

Grace and peace,

Rev. Brendon Naicker
