IVAN POMPEI

Questa collezione realizzata interamente a mano in Italia rappresenta l'eccellenza dell'alta maglieria tecnologica italiana. Ogni dettaglio è plasmato con perfezione assoluta, frutto di maestria tramandata da generazioni e innovazione contemporanea.

Questi capi raccontano un'eleganza silenziosa, nata dall'incontro tra antichi gesti e visione futuristica.

Ogni punto, ogni curva del tessuto è il riflesso di anni di ricerca e lavoro sul design e sulla tecnologia dei materiali MADE IN ITALY

Più che un indumento, un'esperienza.
Dove l'arte sartoriale incontra la scienza.

La bellezza si fa sensazione.

SERVIZI ESCLUSIVI

CUSTOMIZZAZIONE

“Un'esperienza di moda su misura, dove lusso e personalizzazione si incontrano. Ogni capo nasce dall'incontro tra materiali pregiati, design esclusivo e la libertà del cliente di renderlo unico.

Dal tessuto alla finitura, ogni dettaglio viene selezionato con cura per riflettere stile, eleganza e identità personale. Non un semplice acquisto, ma un viaggio sartoriale che trasforma la moda in un'esperienza esclusiva e irripetibile.”

MATERIALI E LAVORAZIONE

“La seta giapponese utilizzata tra le più pregiate e preziose al mondo crea un capo con un controllo termodinamico dà vita a una maglia bio-adattiva, una trama microventilata, dal bagliore liquido, che sfiora la pelle come un respiro.

Impercettibile ma presente, questa fibra intelligente dialoga con il corpo: regola temperatura e umidità attraverso una rete invisibile di microcanali, che bilanciano attivamente temperatura e umidità, offrendo una leggerezza e una freschezza che sembra non appartenere alla materia”.
