Description:

Dwell Paints water-based emulsions are eco-friendly (Low VOC) and crafted using premium-grade pure acrylic and copolymer emulsions, ensuring both performance and sustainability.

Characteristics:

- 🌧️ Weather & Alkali Resistant – Ideal for exterior use
- ✨ Smooth Finishes – Available in Matt, Silk, and Gloss textures
- ⚡ Quick-Dry Formula – Easy to apply with a fast drying time
- 🖌️ Excellent Coverage – Fewer coats, more color impact

Recommended Applications:

Perfect for surfaces like concrete, plaster, gypsum, and wood.

Theoretical Coverage Efficiency:

Covers approximately 7.5–10.5 m² per litre, depending on surface texture, thickness, and application technique.

Application and Thinning Instructions:

Use a roller, brush, or spray. For thinning, mix in 10–15% clean water if required.

Drying Time:

- Touch Dry: 30 minutes to 1 hour
- Fully Cured: 24 hours

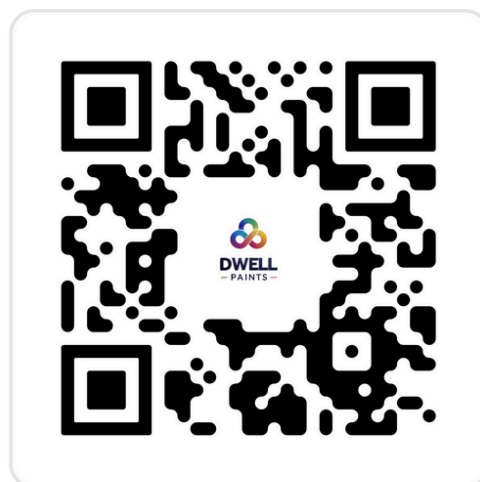

Color Options:

Go beyond the basics with Dwell Paints' Computerized Color Picking System, offering a wide range of customized shades (excluding Dwell Plastic Emulsion and Dwell Acrylic Emulsion I).

Choose Excellence Everytime
