

11 Plus English Practice Paper 1

This 11 Plus Practice paper is designed to help gifted and talented children between the ages of 9 and 11. It will help parents to find areas where their children need extra tuition. It should be used with our English marking scheme which will help you find the area your child needs to improve. This is not a timed paper although 11 plus papers will give you about 20 minutes for the two tasks.

Descriptive Writing. It is important to get out of bed the right side. The way you start a day can make you have a good or bad day. Write about a day that started well and made you happy or about a day that started bad and made you feel sad. You should aim to write at least six sentences.
