

What is an SMSF?

A Self-Managed Super Fund (SMSF) is a personal superannuation fund that you manage yourself. Unlike retail or industry super funds, SMSFs give you full control over how your retirement savings are invested and managed. SMSFs can have up to six members, and each member is typically a trustee or director of the trustee company.

What is a typical structure of an SMSF?

Is an SMSF Right for You?

SMSFs are not for everyone. They require time, financial knowledge, and a commitment to compliance. If you're considering an SMSF, we recommend speaking with a licensed Financial Adviser to assess suitability based on your goals and circumstances.
