What type? _____

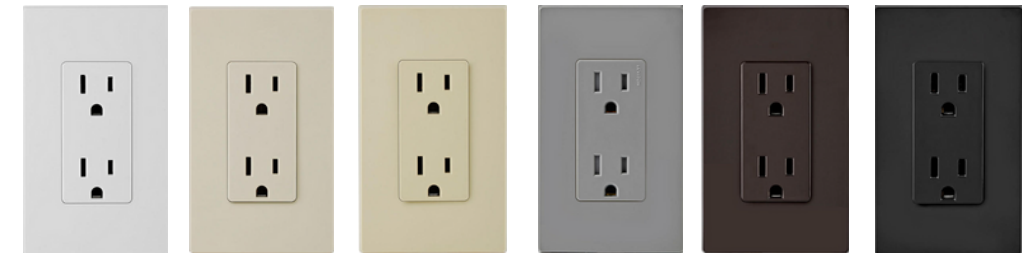

Our Better Trim Package offers a stylish upgrade with multiple ways to personalize your home. It features sleek Decora rocker switches, a **choice of traditional duplex or Decora-style receptacles, and your preference of classic screw-in or screwless wall plates.** With a wide selection of colors and finishes, it allows for easy coordination with your home's design.

Duplex outlets with screw-in wall plates

White Light Almond Ivory Gray Brown Black

Decora outlets with screwless wall plates

White Light Almond Ivory Gray Brown Black

Toggle switches

White Light Almond Ivory Brown Black

Dimmers

Diva Switches

Diva switches offer a Decora like paddle switch with a slide dimmer on the side of the switch.

Skylark Contour Switches

Skylark Contour dimmers consist of a slider dimmer on the top to save your preference, and just use the switch at the bottom to turn on the lights

Maestro Switches

Maestro dimmer switches offer a decora switch with two buttons on the side to adjust the dimmer with a sleek LED light display

Sunnata Switches

Sunnata offers a sleek touch dimmer. All you need to do is slide your finger on the side of the paddle. The slider includes a LED display.

Decora switches with screwless wall plates

White Light Almond Ivory Gray Brown Black

Best Package

We will schedule a design appointment if you are interested in the best package, there we will discuss dimmers, and color options for specific rooms. If you would like to brainstorm what colors and devices you would like in certain areas of your home. This package is FULLY customizable to cater to each room in your home. For example, if you'd like white in all the bedrooms but black in the kitchen.

Smart Home options

We use Caséta by Lutron which is a smart home system. Caséta allows you to control lights, shades, and temperature from anywhere using your smartphone, voice assistant, or smart switch. With seamless integration and stylish, low-profile devices, smart home systems offer convenience, and efficiency.

Features offered with Caséta

-  With the Lutron app's Smart Away feature, your lights can turn on and off randomly in the evening—creating the appearance that someone's home, even when you're away for the night or gone for the week
-  With just a tap or voice command, you can control one or multiple lights at once by creating a custom scene—instantly shifting from bright reading light to a cozy movie-night ambiance
-  Seamlessly connect remotes to dimmer switches to offer an ease of adjusting lighting.
-  With the Sunset Tracker, control when lights turn on and off at certain times of the day.
-  With the Sunset Tracker, control when lights turn on and off at certain times of the day.

Smart Home options

For larger homes and custom projects, we offer professional installation of Lutron's RadioRA 3 system—an advanced smart lighting solution designed to integrate seamlessly with luxury trim and interior finishes.

Features offered with RadioRA3

-  Supports hundreds of devices
-  Includes designer-grade keypads, sensors, and dimmers
-  Native integration with more advanced systems like Control4, Savant, Crestron
-  Enhanced range with Clear Connect Type X (perfect for larger properties)
-  Great for whole-home control: lighting, shades, HVAC, and more
