*All wood products are redwood unless special ordered. Some finishes contain orange oil for allergen information. Bird houses, spoons, bowls, and cups are finished in food grade, non-spoiling mineral oil. However, we recommend them for collectable purposes only and should not be used with food or liquid consumption. Do not allow wood items to become wet or soak in liquid (hot or cold) for extended periods of time. All fabric products are made from 75% upcycled material and if it applies, they are hand embroidered. Items that are not offered in 24+ per order will only be available in the 12 Item Lot. This is flexible. Larger orders can be delivered and billed in increments. Contact us about special pricing for orders of one gross or more.
