compliant

Switchgears

Soldier Switchgear products are fabricated out of high quality CRCA steel sheets with high quality powder coating at optimum condition to adhere to the defined safety standards and to prevent rust formation. Units are designed for the surface mounting and it offers high conductivity and longer functional life.

Salient Features

- High Conductivity copper conductor made from 99% electrolytic copper.
- Corrosion resistant and high malleable brass parts are used.
- Quick make and break mechanism.
- Ample space of wiring for safe and reliable power distribution.
- Deep drawn enclosures made of CRCA sheet steel.
- Covers are detachable and PVC gasket packing for weather proofing.
- Fully powder coated in 60 micron thickness.
- Light grey texture finish powder coating.
- Range 16Amp. to 630Amp in U type & knife type.

SWITCH FUSE UNIT

(Sheet Metal Rewireable Switch Fuse Unit)

CAT NO.	ITEM DESCRIPTION	PRICE ₹	CTN PKG.
