Modelled the whole asset, including the character

Modelled the whole asset, the city Benares in India

Worked with Arcade Studio modelling characters and different assets for two advertising for the brand Thosiba in 2021.

My main task was to translate the 2D concept to 3D, design props and unwrap UVs.

Modelled assets, props and animals.

"You don't have to be perfect to protect the climate." This is the message WWF addresses the population with in its current 360-degree campaign. The creative concept was developed by Wirz Switzerland, the design and animation was made by Arcade Studio in 2021.

My main task was to translate the 2D concepts to 3D.

Worked with Arcade Studio along with Yambo Studio to help craft this interactive 3D experience for Japanese cosmetics brand SK-II for the Tokyo Olympics. Arcade Studio were tasked with designing the city of Tokyo and mainly Shibuya crossing in a beautifully simplistic style. x2021.

Modeled different assets with buildings and roofs always keeping it simple and low count of polys.

Personal project. Modelled a character based on a concept from the artist Gabriel Soares.
