Parcelbox

Quality made of aluminum from:

Parcelbox

Attractive aluminum parcel box.
Always be available for
your parcel carrier!

Parcelbox in 2 sizes

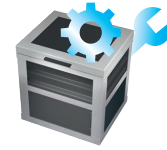

Advantages

good capacity

made of aluminium

easy to assemble

robustness

maintenance free

A parcelbox offers flexibility when you receive larger volumes of mail and parcels. If you are one of the many who do their shopping online, then a parcel mailbox is the right solution for you

✓ premium quality

through high-quality materials made of aluminum profiles and aluminum side panels. Powder coated for permanent color fastness.

✓ Anti-theft device

by cylinder lock and flap system

✓ Wall mounting possible

✓ Parcel box can be combined

with our garbagebox, bikebox, climatebox

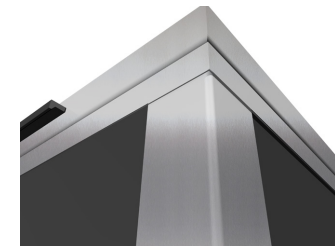

How it works – a mechanism protects against theft

Due to an internal mechanism (intermediate plate), the package cannot be retrieved from above.

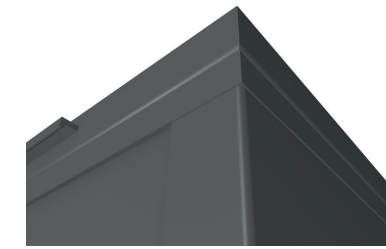

The lower flap can be opened using a cylinder lock.
