Scott®
Premium Bath Fittings

ABOUT THE COMPANY

Established in 2009 by Deemark Bath Fittings, SCOTT emerged as a visionary brand from Jamnagar, Gujarat—renowned as the City of Brass. Rooted in the values instilled by our founder, SCOTT has rapidly grown into a multi-diversified faucet manufacturing brand, blending innovation with craftsmanship to redefine modern living.

As OEM suppliers to multiple prestigious and leading brands in the segment, we bring unmatched expertise and quality to every product we create. With an unwavering commitment to quality and customer satisfaction, we have earned the trust of millions of loyal customers and built a robust network of over 150 channel partners nationwide. At SCOTT, we continue to push boundaries, delivering world-class designs and sustainable solutions that inspire elegance and functionality in every space we touch.

CORE VISION

To acquire and maintain nationwide leadership position in the segment with a strong dealer network of 600+ dealers by 2028.

To become a responsible green company by the year 2028 with a sustainable manufacturing setup across an area of 3,50,000 sqft. with top notch infrastructure and latest technologies.

Create a global presence with exports to more than 15 countries.

Provide residential, medical and educational aide to the entire team at scott for their families.

Late Shree
Subhash Chandra Bordia
Founder & Core Visionary

CORE MISSION

Products designed to dialogue with architectural forms, personal taste and functional needs, completely made in india for the world in new generation systems with low environment impact and cutting edge technologies.

CORE VALUES

- Constant Technological Upgradations
- Building Strong Relationships
- Highest Quality Standards
- Excellent Customer Service
- Happy Employees
- Environment Consious

FLOWING

WITH PURPOSE, DRIVEN BY

INNOVATION.

At SCOTT, our journey from inspiration to creation has been deeply rooted in a commitment to customer satisfaction and cutting-edge innovation. Guided by the vision of conserving water while enhancing everyday living, we embarked on designing products that seamlessly combine functionality, aesthetics, and eco-consciousness. Our advanced design process prioritizes user-centric solutions, resulting in bath fittings that are as intuitive as they are beautiful.

Leveraging state-of-the-art technology, our products incorporate features such as precision water flow control, smart sensors, and higher longevity cycles, ensuring optimal water usage without compromising on performance. From sleek, modern aesthetics to durable, high-quality materials, every detail of our products is meticulously crafted to elevate your space while promoting sustainability. At SCOTT, we don't just create bath fittings; we engineer Water-Wise future.

GERMAN CARTRIDGE

We use a specially designed & technically advanced quarter turn ceramic disc mechanism for our spindles. This reduces wear & tear with a quarter turn rotation instead of the usual 90° rotation, ensuring enhanced faucet life.

CHROME PLATED CARTRIDGE

Chrome plating enhances its resistance against hard water and limescale buildup, making it an ideal choice for areas with mineral-rich water. Its quarter-turn mechanism allows for smooth and precise control of water flow, reducing wear and extending its lifecycle.

INTRODUCING

FORGED BRASS METROPOLE
WITH EUROPEAN FITTING

Designed and manufactured in accordance
with European Standard EN 12541:2002.

It is class 6 VALVE - PN 10. (6 litres of water
flushing) WC FLUSH VALVE are PUSH
TYPE VALVE (Auto closing), based on
water hydraulic circuit system.
