VALUE OF MAINTENANCE

Regular HVAC maintenance ensures manufacturer warranty compliance, extends the life of your system, and reduces utility costs by maintaining peak efficiency. Routine inspections help prevent costly breakdowns and keep your system running smoothly.

As an added benefit, service agreement members receive **exclusive 24/7 emergency access**, ensuring help is available when you need it most. Our multi-point inspections are performed by experienced technicians, giving you peace of mind that your system is in expert hands.

SERVICE AGREEMENT PLANS

With our plans, you can choose the level of coverage that fits your needs.

SILVER SERVICE AGREEMENT

- **ONE** multi-point inspection per year
- \$25 "Bell Bucks" per renewal toward a full system replacement

GOLD SERVICE AGREEMENT

- **TWO** multi-point inspections per year
- 15% off service repairs
- \$50 "Bell Bucks" per renewal toward a full system replacement

PLATINUM SERVICE AGREEMENT

- **TWO** multi-point inspections per year
- 15% off service repairs
- *Waived diagnostic fee and waived labor for eligible repairs**
- \$100 "Bell Bucks" per renewal toward a full system replacement

*applicable during normal business hours only, excludes repairs to accessories like drains, duct work, thermostat, etc.

BELL BUCKS Loyalty Rewards

Each year you renew your service agreement, you earn "Bell Bucks" that can be applied toward a full system replacement. The longer you maintain your agreement, the more you accumulate, making it easier to save on a future system upgrade. However, "Bell Bucks" **expire if your service agreement lapses**, and to maintain your balance, your service agreement must be renewed continuously year after year without interruption.

Bell Bucks program started in 2025 and does not apply retroactively. Bell Air Conditioning reserves the right to modify or terminate this program at any time.
