## Custom Gaming Display Solutions Catalog

*Factory-Backed. Globally Trusted. Built to Perform.*

---

### 1. About ClaraTech

ClaraTech Monitors is a trusted manufacturer of high-performance gaming display solutions, headquartered in China. With years of experience in the casino and betting industries, we specialize in custom displays that power gaming machines worldwide.

Our factory-backed capabilities, flexible OEM/ODM support, and global client base make us the preferred partner for gaming monitor solutions in the U.S., Europe, and Latin America.

---

### 2. Customization Capabilities

We design and build to meet your exact needs. Our custom options include:

- **Screen Sizes:** From 10" to 55"
- **Display Types:** Flat, Curved (C-Curve / J-Curve)
- **Lighting:** LED Halo edge-lit / Non-lit
- **Touch Technologies:** PCAP, Non-Touch, Projective Glass
- **Customization Options:** Housing materials, I/O ports, power supply, voltage, mounting holes, and more

#### How It Works:

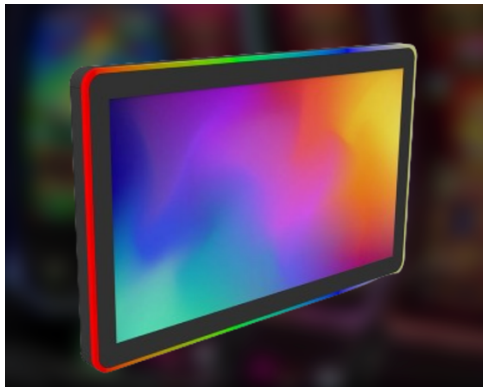

1. Send your specs or drawing
2. We evaluate and quote
3. Sample testing and approval
4. Mass production with QC assurance

---

### 3. Product Range

## A. LED HALO FLAT MONITORS

Our LED edge-lit displays create immersive lighting effects essential for modern casino cabinets. Available in sizes from 10" to 55" , with or without touch.

## B. CURVED MONITORS

Stylish and dynamic curved monitors, available with LED halo or standard bezels. Optional PCAP touch. Sizes: 23.6" (in development), 32" +, C-curve or J-curve available.

### C. OPEN FRAME MONITORS

Open frame designs for flexible integration into custom cabinets. Ideal for both new development and legacy replacement.

### D. COMPATIBLE MONITOR ALTERNATIVES

We provide Form-Fit-Function alternatives to Elo, Bestech, Eurocoin, Goldfinger, Fantalooks, and more — with better lead times and pricing.

---

## 4. Real Factory – Real Confidence

- Full in-house production with strict QC
- Certified testing and 24/7 operational support
