

ODOUR SENTRY

UNSCENTED ODOUR NEUTRALISER

DESTROYS BAD SMELLS AT THE SOURCE

Clean, fresh air in care facilities and clinical spaces—without perfumes, masking agents, irritants, or harsh chemicals.

Why is Odour Sentry different?

Most odour products simply mask smells with heavy fragrances. Solvit's Odour Sentry is different. Its advanced formula targets and breaks down the actual odour molecules responsible for unpleasant smells from ammonia, feces, and other decaying organic matter. This eliminates foul smells at the molecular level. That means no cover-ups, no overpowering scents, and no lingering bad odours. Just fresh, clean air.

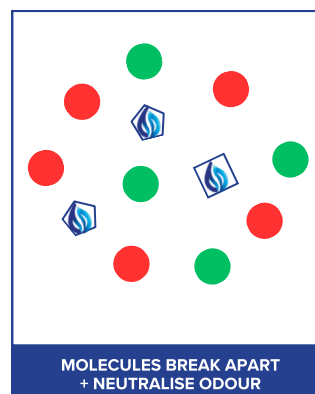

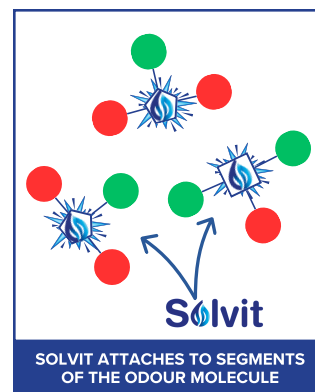

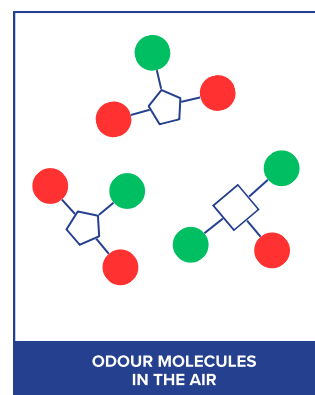

Solvit—the smart choice.
