## WELCOME TO THE 16<sup>TH</sup> 5CC WORLD CONGRESS!

### Dear Colleagues

We are excited to welcome everyone back to our new 5CC home – Lisbon, Portugal. After an astonishing first go in Lisbon, we are ready to continue the tradition of our incredible global conference in this truly remarkable city in Portugal – and you are all invited.

The 5CC has a long and rich history as being an all-inclusive dermatology and aesthetic medicine conference – along with having truly one of the most outstanding faculties seen in global meetings. We pride ourselves on the quality of the faculty each year and how attendees have access to these first-class speakers. In addition, our newly formed Next Generation Stars, which began in 2023, was a hit – where the next group of young, intelligent, and innovative thought leaders from all over the globe prepared their sessions in focused areas to gain further insights on the topics that are the most pressing and exciting of our day. We will be continuing these sessions in 2024 and are looking forward to the next generation of superstars in our space.

The focus at our 16th 5CC World Congress lays on medical dermatology and how the new paradigms in dermatology is making our patients lives better and healthier. The new medicines here and coming to us are true game-changers and understanding how they work and how they achieve their endpoints are all focal points in our medical dermatology courses. On the aesthetic side, new energy-based devices, new neurotoxins, and new fillers, along with other innovations including regenerative medicine all are making our patients live healthier and more youthful lives – we will cover all the new topics during our meeting. And of course, practice management – how we do things with social media, how we engage companies for support, and how we work with our own employees – are all part of what we bring to life in our evolving practice management courses.

Finally, then there is Lisbon itself. If you were with us in 2023, you saw firsthand the beauty, the charm, and the incredible cuisine associated with this destination. If you were not with us, then this city must be on everyone's bucket list to visit – and the 5CC's new home is a perfect reason to come to Lisbon. So, on behalf of our wonderful Board of Directors, we all welcome you to the 16th 5CC World Congress from June 13-16, 2024.

**MICHAEL H. GOLD, USA**  
CONGRESS PRESIDENT

**27 EUROPEAN  
CME CREDITS**  
(ECMEC<sup>®</sup>s) FOR MEDICAL  
PRACTITIONERS

## AT A GLANCE

## ● CME ACCREDITATION

The 16<sup>th</sup> 5CC World Congress, Lisbon, Portugal, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with **27 European CME credits** (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

## ● EACCME® CREDITS

Each participant can only receive the number of credits he/she is entitled to according to his/her actual participation at the event once he/she has completed the feedback form.

In order to receive your CME credits and certificates, you need to complete the online evaluation after 5CC. Upon completion of the survey, you will receive a link to download your certificates. In order to obtain your CME credits, please contact your national authorities in your country of residency to validate the European CME credits and to convert them to your national CME credits. Afterwards, please send your certificate of attendance to your national authorities.

## ● RECORDING POLICY

Recording, photography and filming during the sessions is strictly prohibited without prior written permission from the congress organization. In consideration of other attendees, we kindly ask you to put your cell phone in a silent mode during sessions, symposia and workshops.

Please be advised that the organizers are filming and taking pictures of scenes and background material in this area for future promotional purposes. If you enter the congress center, you may appear, and therefore agree to appear, in this or any later production which be used in advertisements and promotions worldwide via various media.

## ● COFFEE AND LUNCH BREAKS

Complimentary coffee breaks are provided in the industry exhibition and the foyer for all attendees, speakers and exhibitors. Lunch and snacks are available for purchase at the cafeteria during all conference days.

## ● MEDIA CHECK

To help the conference run smoothly, we kindly ask our speakers to submit their presentation(s) at the Media Check in room 1.08 at least 1.5 hours before the lecture.

## ● LEGAL INFORMATION

Logi-Vent GmbH acts as an intermediary and is not responsible or liable for loss, accidents or damages to people or things during the entire congress independently of their origin. Any other agreement will only be effective if in writing and signed by both parties.

Logi-Vent GmbH shall not be liable hereunder on whatsoever legal basis by reason of any cancellation of all or part of the event or by reason of any termination of all or part of the event ahead of schedule on account of any cause that is beyond the reasonable control of Logi-Vent GmbH (such as acts of God, war, insurrection, civil unrest, strikes, etc.).

**OFIR ARTZI**  
ISRAEL

**OFIR ARTZI**

Prof. Dr. Ofir Artzi is an internationally renowned expert in lasers and aesthetic dermatology. As the Head of the Center for Aesthetic Dermatology at the Tel Aviv Sourasky Medical Center and Congress President of the SCARS-Meeting, Prof. Dr. Artzi is a leading authority in the field.

After graduating from the Faculty of Medicine at the Technion in Haifa, Israel, Prof. Dr. Artzi specialized in dermatology at Tel Hashomer Medical Center. He further developed his expertise at top laser centers in the US and Europe, focusing on scar prevention and remodeling.

Today, Prof. Dr. Artzi acts as Head of the Center for Aesthetic Dermatology at Ichilov Hospital, which is at the forefront of treatment, teaching, and research in aesthetic dermatology. The center is known to be the largest in Israel, supplied with the most advanced treatment technologies and staffed by a team of leading doctors and specialists. They provide comprehensive care, from diagnosis to treatment, ensuring patients achieve their desired results safely and effectively.

Prof. Dr. Artzi is a respected member of numerous national and international dermatological and cosmetic associations and has been an esteemed guest speaker at many aesthetic and dermatologic conferences worldwide.

**TINGSONG LIM**  
MALAYSIA

**TINGSONG LIM**

Dr. Tingsong Lim is a prominent figure in the field of aesthetic medicine, as he holds a Letter of Credentialing and Privileging (LCP) for Aesthetic Practices in Malaysia. Graduated from Tohoku University School of Medicine under the renowned Monbusho Scholarship, Dr. Lim has made significant contributions to Asian facial and body aesthetics, the clinical application of fillers' rheology, pigmentary disorders, energy-based medicine, and regenerative medicine. His extensive academic research and training have earned him a leading position in these areas.

The internationally recognized Expert is a Global Key Opinion Leader for injectables, energy-based devices, and non-invasive body contouring. He has been part of numerous international advisory board meetings and performs as a board member of the International Society for Dermatologic & Aesthetic Surgery (ISDS). His innovative work, including authoring the influential book "Facial Overfilled Syndrome," has pushed the industry towards safer and more natural approaches in medical aesthetics.

**SEBASTIAN COTOFANA**  
USA

**SEBASTIAN COTOFANA**

Sebastian Cotofana, M.D., Ph.D., Ph.D., is renowned globally as a leading anatomist in the realm of facial aesthetics and is active as a professor of anatomy and trauma surgeon based in the United States. He now works as the CEO of Cotofana Anatomy, where he provides anatomic education to medical professionals worldwide.

With dual Ph.D. degrees in Medical Sciences and Anatomy, Prof. Dr. Cotofana's expertise in facial anatomy is unparalleled. His meticulous research has revolutionized our understanding of facial aesthetics, making him a trailblazer in the field.

Driven by a passion for advancing medical education, Prof. Dr. Cotofana has dedicated his career to teaching anatomy to medical students and healthcare professionals. His commitment to excellence has earned him various honorary professorships and visiting professorships at esteemed institutions globally.

**TAPAN PATEL**  
UNITED KINGDOM

**TAPAN PATEL**

Dr. Tapan Patel is known to be one of the world's most sought-after and respected cosmetic doctors, whose expertise has been proven for many years. With multiple awards to his name, including the 2023 Aesthetics Award for Outstanding Achievement in Medical Aesthetics, Dr. Patel is regarded highly for delivering natural results with the highest standards of care.

As the founder and medical director of PHI Clinic, Dr. Patel specializes in the very best non-surgical treatments for the face and body. His clinic is admired for its Anti-wrinkle injections, volumizing treatments like Dermal Fillers, Acne treatment, Prophilos, Skin tightening, Coolsculpting, and more, all performed by an award-winning team of specialists.

With over 29 years clinical experience and 24 years dedicated to aesthetic treatments, Dr. Patel's passion for maintaining high standards in aesthetic medicine is evident. Recently listed in Tatler's Top 30 Anti-Ageing Experts, Dr. Patel's insights and techniques are invaluable for anyone looking to advance their knowledge in the field.

**HOME USE DEVICES**  
in Collaboration with HUD

The **HOME USE DEVICE WORKING GROUP (HUD)** was created as an informal association in 2011. The goals of HUD are to assist in the development of international standards and regulations relating to safe and effective home use, light- and energy-based aesthetic devices; to develop best practice recommendations, starting with safety, in advance of the publication of standards; and to encourage and disseminate communications about the efficacy and safety of home-use, light- and energy-based aesthetic devices.

**BUSINESS GROWTH STRATEGIES IN THE DIGITAL AGE**  
H.L. GREENBERG

Growing and improving your business is a constant struggle. In this course we will discuss strategies, techniques and quality control to grow and improve your business and online presence.

A strong, consistent, and constant Social Media presence, with clear messaging adapted to the various types of platforms and audiences, is essential in the digital age, while checking in to see what's working and what's not is a fundamental component in the success of medical and aesthetic activities.

The various social media platforms available combined with advertising provides ample opportunities to grow your business. Which social media post options you should engage and focus on – articles, blogs, photos, long and short form videos and reels – will ultimately determine a portion of your success. Your digital footprint requires a comprehensive strategy including the basic purpose of the posts and the variables associated with daily practice.

This intensive course will cover the key elements to help medical practitioners get the most out of their current activities and to better associate them with a business and personal Social Media presence, including:

- Current Social Media trends
- The differences between the various platforms and their preferred content
- Building a Social Media strategy based on the niche, avatar, short, medium, and long-term goals
- Exploring The basic features of a post – headline, intro, main message, take home points and a call to action
- The types of posts best suited to each individual platform
- Evaluating the impact of a post
- Tips for measuring Social Media success
- Useful Non-digital solutions
- Community Engagement
- How to Foster Esprit De Corps & Team Bonding

10.00 - 11.00 /// TEACHING COURSE

**AI IN AESTHETIC MARKETING: A NEW ERA**  
VICTOR GABRIEL CLATICI

Integrating Artificial Intelligence (AI) in marketing strategies has become a game-changer in the rapidly evolving field of aesthetic medicine.

This course, "AI in Aesthetic Marketing: A New Era," is designed to provide dermatologists and plastic surgeons with a comprehensive understanding of the role of AI in aesthetic marketing.

It will explore how AI can be leveraged to analyze consumer behavior, predict trends, and personalize marketing strategies, enhancing patient engagement and satisfaction.

The course will also explore the use of AI-powered tools that can interpret real-time data, providing valuable insights that can be used to tailor services and offerings.

The course will also cover the application of AI in social media marketing, discussing how AI algorithms can optimize content delivery to reach potential clients at the right time. Ethical considerations associated with using AI in aesthetic marketing, such as privacy concerns, will also be addressed.

By the end of this course, participants will be equipped with the knowledge and skills to integrate AI technologies into their marketing strategies, paving the way for increased innovation, personalization, and client engagement in their practices.

**THE STRUCTURE**

**Introduction to AI and Its Role in Marketing**

- Understanding AI and its applications in various industries.
- The impact of AI on marketing strategies.

**AI and Consumer Behavior Analysis**

- How AI can analyze and predict consumer behavior.
- The role of AI in developing personalized marketing strategies.

**Real-Time Data Analytics with AI**

- Understanding the concept of real-time data analytics.
- The use of AI in interpreting real-time data and its benefits.

**AI in Social Media Marketing**

- The role of AI algorithms in optimizing content delivery on social media platforms.
- Strategies for increasing visibility and engagement using AI.

**Ethical Considerations in AI Marketing**

- Understanding the ethical implications of using AI in marketing.
- Addressing privacy concerns associated with data collection and usage.

**Future Trends in AI and Aesthetic Marketing**

- Predicted trends in the integration of AI in aesthetic marketing.
- Preparing for future innovations in AI marketing.

This course aims to provide a comprehensive understanding of the applications of AI in aesthetic marketing, equipping participants with the knowledge and skills to leverage AI in enhancing their marketing strategies and client engagement.

**DIGITAL MARKETING MASTERY FOR AESTHETIC PRACTICES AND MEDICAL SPAS**  
WENDY LEWIS & RAN BERKMAN

Keeping up with the latest digital marketing challenges, tools and technologies can be overwhelming for busy practitioners. Maintaining a consistent brand image across digital platforms can be challenging without a dedicated marketing team.

**This 2 hour intensive course will cover:**

- Tips for creating great content
- New ways to consistently engage with your target audiences
- How to manage SEO and visibility on search engines
- Best practices to measure return on investment from marketing tactics
- Strategies for the most important social media channels
- New tactics for making your website elevate your practice

17.00 - 18.00 /// FOCUS SESSION

**AI IN DERMATOLOGY, AESTHETICS AND SKINCARE: BRIDGING TECHNOLOGY, CULTURE, AND CARE**  
in Collaboration with Skin & Digital Summit

Digital health is a multifaceted term that encompasses a variety of technologies, including artificial intelligence (AI), machine learning (ML), computer vision, and large language models (LLMs), among others. The interaction between 'Skin & Digital' is continually evolving, influencing academia, regulatory bodies, healthcare professionals, care providers, consumers, patients, patient groups, and the skin industry, which includes dermatology, aesthetics, and skincare. The 'Skin & Digital Summit' is designed to foster dialogue between these two realms. Such summits are hosted by medical congresses worldwide, with their frequency increasing over the years (one in 2021, four in 2022, six in 2023, and eight planned for 2024). Additionally, proceedings from some of these summits have been published since 2023.

## TEACHING COURSES &amp; SPECIAL INTEREST SESSIONS

09.00 - 17.00 /// MASTERCLASS ON INJECTABLE FILLERS

MASTERCLASS ON INJECTABLE FILLERS  
in collaboration with ESCAD

The European Society of Cosmetic & Aesthetic Dermatology, as a sister society of the EADV, is glad to offer you the best scientific meetings together with possibilities for professional communication.

Discover ESCAD's pivotal role in shaping the future of cosmetic and aesthetic dermatology across Europe. As an affiliate of the EADV, we invite you to join our dynamic scientific community. Elevate your practice through our collaborative meetings and enrich your professional network. Get involved today for a transformative experience.

[www.escad.org](http://www.escad.org)

The **ESCAD TEACHING COURSE** is a course for those who want to hear from experts how to improve their injectables technique. The morning session will explain the theoretical background of filler injection techniques, the afternoon will be filled with three live injection stations where three different experts will demonstrate their techniques in rotational classes. So each delegate will see all three different experts doing live injections. Because of small group size, intensive interaction with the experts is guaranteed.

## GET A CHANCE TO SEE &amp; LEARN FROM WORLD-RENOWNED SPECIALISTS

- 9.00 Introduction presentation into the practical use of fillers  
- Botulinum toxin  
- Fillers  
- Skin boosters, polynucleotides, polypeptides

10.30 - 11.00 /// COFFEE BREAK

11.00 Rotational class 1 live demonstration

The **Spanish Society of Surgical Medical Lasers** (SELMQ) is a non-profit scientific association created 35 years ago that promotes the benefit of public health through the application of medical technology linked to lasers and devices that use other types of energy. All medical specialties that use lasers and other light sources are represented among its members. The main objectives include promoting research into new technologies and their medical applications; the theoretical and practical training of medical professionals interested in the correct application of laser and other related technologies; guide environmental sustainability measures and report on safety measures in medical centers that use laser technology and other energy-based equipment to guarantee the safety of both patients and health personnel involved.

## TEACHING COURSES &amp; SPECIAL INTEREST SESSIONS

09.30 - 18.30 /// TEACHING COURSE

**CUTANEOUS BASE COURSE ON ULTRASOUND IMAGING**  
 LEONIE SCHELKE & PETER VELTHUIS
**ABOUT THE COURSE**

The Cutaneous Base Course is a 1-day hands-on & theory course designed to make participants ready for the use of facial ultrasound imaging in your own office. By the end of the day participants have gained the basic skills needed to implement ultrasound as a safety and quality enhancement tool in their daily practice

For more information about the course and to register, please click the link below:

<https://cutaneous.nl/product/base-course-on-ultrasound-imaging-lisbon-june-14-2024/>

**WHAT TO EXPECT?**

The course has two components. First, prior to the training itself, you are supposed to study the basic e-learning module at your convenience. This will give you all the theoretical information about facial ultrasound imaging (5 hours). You will need this knowledge to make the most of the second part.

Secondly, the 1-day hands-on training is almost entirely focused on training your skills in optimizing imaging with different ultrasound machines. You will also learn to interpret the various 'shades of gray' in the images.

**FOR WHO IS THIS COURSE?**

Cosmetic doctors (in training), dermatologists, nurse practitioners, aesthetic doctors, and all individuals authorized to place injectables and who want to add more safety and further improve the quality of their procedures. For those who want to gain the basic skills of facial ultrasound and are ready to implement facial ultrasound in their daily practice. For those who work already with facial ultrasound but want to develop their knowledge, skills & techniques.

**WHY SHOULD I FOLLOW THIS COURSE:**

Facial ultrasound is essential if you care for your patients. Facial ultrasound teaches you whether your filler ends up in the correct layer. We know that is frequently not the case! Facial ultrasound is what patients will ask for in the next year.

*'Physicians working without ultrasound are not aware how inadequate their treatments are.'*

18.30 /// END OF CONFERENCE DAY

14.45 - 16.45 /// SCIENTIFIC PARTNER SYMPOSIUM in Collaboration with DALA/ELA

**PSYCHOSOCIAL**

The **Dutch Aesthetic Laser Association** (DALA) is proud to announce that it will organize the yearly conference of the European Laser Association (ELA) on June 15, 2024. Both DALA and ELA have the objective to bring together and educate all medical professionals interested in laser applications. This year's event will be hosted on the final day of the 5CC World Congress in Lisbon.

Moderated by HAYRI HORTOGLU

- 14.45 Who (not) to Treat and Why? Ethical and Practical Considerations in Cosmetic Medicine  
**SANDRA MULKENS, SIETSKJE ATSMAS & ANNE- METTE HERMANS**
- 16.15 Artificial Intelligence (AI) Cosmetic Medicine  
**JACQUES VAN DER MEULEN**
- 16.35 **Questions & Answers**

16.45 - 17.15 /// COFFEE BREAK IN THE INDUSTRY EXHIBITION

17.15 - 18.45 /// CHEMICAL PEELINGS in Collaboration with IPS

**Chemical Peelings**  
**IN COLLABORATION WITH IPS**

The **INTERNATIONAL PEELING SOCIETY** (IPS) was founded in 2012 by an international group of physicians dedicated to the field of chemical peels. The society targets to teach and promote the methods and applications of chemical peels for both medical and aesthetic purposes. Among the goals of the society are the development of clinical guidelines for better and safer use of peels, the setting of appropriate quality standards and the initiation and support of basic and clinical research in this field.

**OLIVER KREYDEN - VIDEO LECTURE**

18.10 **Questions & Answers**

18.45 /// END OF CONFERENCE DAY

Sunday JUNE 16, 2024 | AUDITORIUM II

Program, times and rooms subject to changes.

9.00 - 11.00 /// SCIENTIFIC PARTNER SYMPOSIUM in Collaboration with IMCAS

**AI IN ACTION: PRACTICAL APPLICATIONS AND TOOLS**

**IMCAS** congresses are medical research conferences focused on providing physicians (plastic surgeons, dermatologists and medical aesthetic practitioners) with the latest academic updates for their professional progress in the plastic surgery, dermatology and aging science fields. IMCAS bring together the latest evidence-based techniques from prominent speakers and the newest developments from the major industry players. The primary objective is to build a bridge between plastic surgery and cosmetic dermatology, reinforcing knowledge in each field in the junction of those two fields, covering as well aesthetic surgery, non-invasive aesthetic treatments, clinical dermatology, regenerative medicine and more.

IMCAS

Moderated by **DIALA HAYKAL & DOMINIQUE DU CREST**

- 9.00 IMCAS Intro  
**DOMINIQUE DU CREST**
- 9.15 AI Powered Holistic and Personalized Facial Assessment & Consultation  
**KLAUS FRITZ**
- 9.30 AI Makeover: Transforming our Clinics into Intelligent Hubs  
**DIALA HAYKAL**

**OFIR ARTZI**
- 10.00 UV Filters are the Vehicle...But Data is the Fuel  
**DOMINIQUE DU CREST**
- 10.15 Potentials of AI in Aesthetic Practice in Asia: Automation at its Best  
**TINGSONG LIM**

10.30 **Questions & Answers**

11.00 - 11.30 /// COFFEE BREAK IN THE INDUSTRY EXHIBITION

11.30 - 13.30 /// SCIENTIFIC PARTNER SYMPOSIUM in Collaboration with PAPSHPI

**UNLOCKING PHARMACOLOGIC WEIGHT MANAGEMENT IN AESTHETIC MEDICINE**

The **Philippine Association of Primary Skin Health Physicians, Inc.** (PAPSHPI) is an affiliate society of the Philippine Medical Association. Established in 2003, it has evolved from 17 to about 400 members consisting of trained, board-certified and competent skin health physicians under the guidance of the esteemed faculty of the Medical Skin Health Training Foundation, Inc. (MSHTFI) led by Dr. Grace M. Lopez.

PAPSHPI is committed to empower skin health physicians through continuing medical education, responsive personal and professional development, opportunities for professional engagements, relevant research and innovation and forging strategic partnerships and high impact linkages as they evolve quality skin health experience to their patients.

Moderated by **GRACE LOPEZ & SARAH DE LOS REYES**

## 11.00 - 11.30 /// COFFEE BREAK IN THE INDUSTRY EXHIBITION

## 11.30 - 12.30 /// SCIENTIFIC PARTNER SYMPOSIUM in Collaboration with CIMEG MADRID and ISGAR

## NOVEL REGENERATIVE TREATMENTS IN FEMALE AND MALE GENITAL AESTHETICS

**CIMEG MADRID** - International Medical and Research Center is an international center that provides medical and health training in high technology applied to medicine.

Several trainings and courses are held each year for doctors from different parts of the world. Our most important point is Regenerative Medicine applied to functional medical education, not just aesthetic ones.

MISSION: Disseminate high knowledge in medicine and prevention/treatment with High technology for good work in medicine.

Many doctors who rotate through the center are members of different scientific societies and as they rotate they are already members of the Cimeg family (so we are twinned with different medical societies) and will have facilities for their subsequent training.

## 11.30 - 12.30 /// SCIENTIFIC PARTNER SYMPOSIUM in Collaboration with CIMEG MADRID and ISGAR

IMEG MADRID contributes to the enrichment of knowledge both in prevention and in good daily medical practice.

**ISGAR SOCIETY** - International Society of Gynecology, Aesthetics and Research. The Gold Standard: it is non-profit organization, created in Madrid in 2018 and located in the world, to promote High Technology, Pioneer Research and Educational Events for all the physicians.

VISION: Was created with a strong belief that good practice in medicine must be comprehensively addressed.

MISSION: Disseminate high knowledge in medicine and prevention/treatment with High technology & federate scientific associations with shared values.

## ABOUT US

The 5-Continent-Congress is comprised of an international group of highly acclaimed dermatologists and plastic surgeons who are key opinion leaders in their fields.

It is a highly scientific conference dedicated to innovations and controversies in the field of medical dermatology and aesthetic medicine accompanied by an extensive pre- and post-conference program.

Advances in medical dermatology; injectables for aesthetic and medical use; cosmetic and aesthetic energy-based devices; aesthetic gynecology; practice management and digital marketing; and the hot topic artificial intelligence and deep learning in dermatology and aesthetic medicine will be presented and discussed by an international world-class faculty.

WE ARE PROUD OF THE ONGOING COOPERATION WITH OUR 5CC SCIENTIFIC PARTNERS IN 2024.

#### ● CONGRESS VENUE

The CCL - Centro de Congressos de Lisboa, Lisbon Congress Centre is located close to the river Tagus and the historical and cultural heritage of Belem, just a few minutes from the city center, in a prime area with a vast transport supply. A unique location on the banks of the Tejo River and surrounded by the most important museums and historical monuments of the city. Belem is a rich cultural hub that tells the story of Lisbon. Attractions include the iconic National Coach Museum, Belém Palace, National Museum of Ancient Art and MAAT, where art, architecture and technology come together.

#### ● LISBON

Lisbon is the stunning capital and also the largest city of Portugal. It is mainland Europe's westernmost capital city and the only one along the Atlantic coast. Lisbon is recognised as a global city because of its importance in finance, arts, media, entertainment, international trade, commerce, education and tourism. A city full of authenticity where old customs and ancient history intermix with cultural entertainment and hi-tech innovation, where the sun shines 290 days a year and the temperature rarely drops below 15° C.

After all, Lisbon is famous for its hospitality and the family-like way it welcomes visitors.

### REGISTRATION

Online registration is the most preferred way. Should you be unable to submit your registration online, please contact [carina\\_schorling@logi-vent.de](mailto:carina_schorling@logi-vent.de). To avoid double charges, please submit your registration only once.

In general, the registration fee for delegates covers

- Admission to scientific sessions, master-classes, training courses, scientific partner sessions and industry symposia
- Admission to the industry exhibition
- Access to 5CC ON AIR

For further details, please refer to the comprehensive registration information on [logi-vent.congress-registration.com](http://logi-vent.congress-registration.com)

Registration will be confirmed only upon complete payment of the delegate fee and other services booked. On-site registrations can be paid by credit cards and cash during the opening hours of the registration desk. All discounted registrations (student / resident / fellow / RN / clinic staff / delegate from developing country / accompanying person) must be supported by a valid proof of status.

### REFUND & NAME CHANGE POLICY

Upon registration for 5CC, you accept the following cancellation policy: We will refund 80% of the registration fee, if written cancellation reaches Logi-Vent GmbH before January 31, 2024. We will refund 50% of the registration fee, if cancellation reaches Logi-Vent GmbH before April 30, 2024. No refunds from May 1, 2024.

Name changes can be made with a € 30 processing fee until April 30, 2024. No name changes after May 1, 2024. In the case that your visa should be declined, we do not offer a refund for the registration fee, but will gladly apply the registration towards the next 5CC conference.

### CONFIRMATION & PAYMENT

Upon receipt of the full payment, a confirmation will be sent to participants. This authentication should be presented along with a photo ID at the registration desk on-site.

Payment should be made in Euro, without charges for the beneficiary as follows:

- By credit card (MasterCard, Visa, AMEX): the card holder's name, card number, expiry date and CCV number must be indicated during the registration
- By bank transfer
- On-site payments can be made with credit card and in cash
- Please note: cheques will not be accepted

### DISCLAIMER

Logi-Vent GmbH acts as an intermediary and is not responsible or liable for loss, accidents or damages to people or things during the entire congress independently of their origin. Any other agreement will only be effective if in writing and signed by both parties.

Logi-Vent GmbH shall not be liable hereunder on whatsoever legal basis by reason of any cancellation of all or part of the event or by reason of any termination of all or part of the event ahead of schedule on account of any cause that is beyond the reasonable control of Logi-Vent GmbH (including, but not limited to, pandemics, terrorist attacks, general and labor strikes, invasions, hostilities, war, rioting or similar situations, administrative orders from national or local authorities (such as lockdown and quarantine measures, immigration and transporting restrictions), and acts of nature (such as fires, floods, extreme weather), or other emergencies.
