ELECTRONIC HORN

An electronic horn is a sound-producing device that utilizes electrical signals to generate loud and distinct tones.

KEY FEATURES

Fit & Forget:

- **3x longer life** - Contactless design tested beyond 1 Million uses
- **Tough** : Weatherproof, Dust Proof, Rust Proof (IP67)
- Regular Adjustment not Required

Loud & Clear:

- **Smooth tone**, will not change over time

Electronic Design:

- 38% lower current consumption
- Circuit protection against spike & reverse polarity

Universal Mounting:

- Bracket Included

12.5 V

350 $\pm$ 10Hz
415 $\pm$ 10Hz

90 mm

90dB ~ 110 dB
