## WARRANTY

Your scanner will come with the following warranty:

Your scanner comes with a warranty that lasts 1 year from the date of shipping, during this period we warrant that the equipment will be fully functional when used under normal conditions.

This warranty applies to the main scanner, such as the electronic modules, power supply, illumination and cameras (the “equipment”) and excludes all software and consumable parts such as the marker posts. Software is subject to a separate warranty under the end user licence agreement. This warranty does not cover defects caused by events external to the equipment (including floods, electrical surges or the like). Unauthorised modifications or repairs carried out to the unit will void this warranty.

If your unit seems to be faulty and the warranty has expired, please contact us, we may be able to arrange a repair service at reasonable rates.

To the maximum extent permitted by law, we disclaim all other warranties for the scanner and each of its components, whether those warranties are express, implied, or statutory including warranties of non-infringement, merchantability, and fitness for purpose.

### **How to make a return**

Please contact us at [info@tupel3d.co.uk](mailto:info@tupel3d.co.uk) or Tel: +44 (0) 776 166 5276 to tell us the issue you are having with the scanner. If we may be able to resolve the issue remotely, we will offer email, phone or video call support, because this is often the fastest way to get your scanner back up and running.

If your scanner requires repair we will provide a return address. Upon receipt of the scanner we will repair or replace the unit and return it to you.
