

Al Safina Supplies and Investment

Business Profile

■ About Us

Welcome to Al Safina Supplies and Investment (ASSI), where excellence meets the sea. As a premier provider of maritime services, we are dedicated to ensuring the highest standards of safety, innovation, and sustainability in every aspect of our operations. Our extensive portfolio includes technical support, hydro-jet cleaning services, stores and spare suppliers, cargo and ship surveys and inspections.

Founded on principles of integrity and expertise, ASSI aims to become a trusted partner in the maritime industry. Our team of seasoned professionals brings a wealth of experience and a passion for excellence, working tirelessly to deliver unparalleled service and innovative solutions. We believe in the power of collaboration and fostering strong relationships with our partners.

At ASSI, we are committed to leading the way in sustainable maritime practices. We continually invest in advanced technologies and environmentally friendly initiatives to minimise our impact on the oceans and coastal regions. Our dedication to sustainability is matched by our unwavering focus on safety, ensuring that every operation is conducted with the utmost care and responsibility.

Join us on our journey as we navigate the future of maritime services, setting new standards and exploring new horizons. Together, we can achieve greatness on the seas.

■ Vision & Mission

"To be the global leader in maritime services, setting the standard for safety, innovation, and sustainability while fostering a culture of excellence and collaboration in the industry."

"To deliver exceptional maritime services by prioritising safety, leveraging cutting-edge technology, and promoting sustainable practices. We are committed to exceeding our clients' expectations, supporting the growth and development of our employees, and contributing positively to the environments in which we operate."

“Strategy Directs, Execution Achieves”

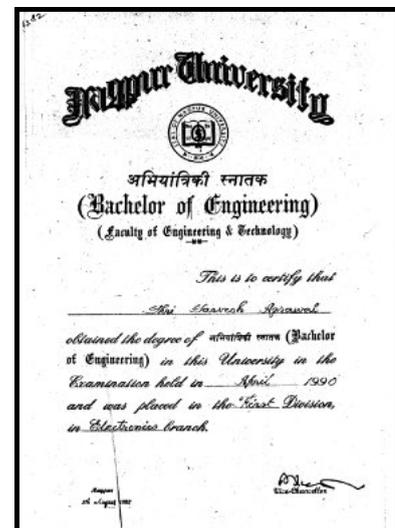

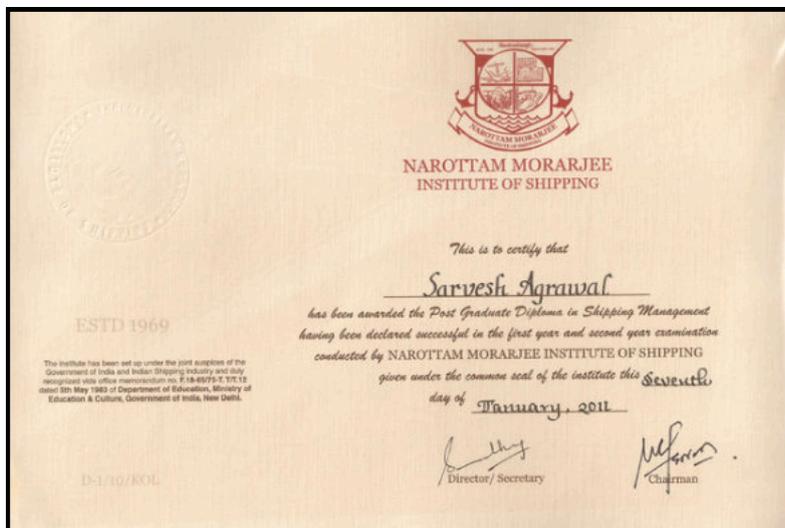

Sarvesh Agrawal holds a BE in Electronics and a PG in Shipping Management, with over 33 years of experience in Electronics, Telecommunications, Instrumentation, Shipping, and Senior Management.

Before relocating to Sohar, Oman in 2010, he has worked in major ports in India where he was involved in shore-based shipping operations, including chartering, technical management, and ship management.

In Oman, he played a crucial role in developing port facilities at Jindal Shadeed, SIPC. This role involved obtaining necessary clearances from various ministries, including the Ministry of Transport, Interior, Health, and Communications. He also secured certifications from government departments required to commence terminal operations, such as Environmental Clearance and International Ship and Port Facility Security (ISPS) certification.

He has collaborated with consultants to prepare Environmental Impact Assessments (EIA), Environmental Management Plans (EMP), and Port Security Plans.

Our Services

Our comprehensive maritime services ensure your operations run efficiently and reliably.

- 01** Technical Support Services
- 02** Stores and Spares Supplies
- 03** Hydro-Jet Cleaning Services
- 04** Underwater Hull Cleaning and Inspection
- 05** Stevedoring Services
- 06** Cargo Securing by:
 - a** Welding
 - b** Lashing Belts and Chains
 - c** Shoring
 - d** Lashing in Container
- 07** Customised Cargo Packaging
 - a** Heat Shrink Wrap
 - b** Vacuum Packaging
 - c** Wooden Box Packaging
- 08** Bulk Cargo Handling Services

Technical Support Services

1.1 Maintenance

Equipment, hull, machinery, systems and underwater servicing, and repairs.

1.2 Procurement

Everything you need, important spares, stationary, general stores, rigging, and safety items.

1.3 Dry-docking

Planning, organising, expert supervision during execution and safe departure from the dry-dock.

1.4 Cargo Securing

Secure your cargo with our welding, lashing, shoring, heat shrink wrap, vacuum and wooden box services.

Stores and Spares Supplies

Depend on us for all your stores and spares supplies, ensuring your maritime operations run smoothly and efficiently.

03

Hydro-Jet Cleaning Services

Experience unparalleled cleanliness & efficiency with our advanced hydro-jet cleaning services, designed to tackle even the toughest marine fouling, and keep your vessels and equipment in peak condition.

Underwater Hull Cleaning and Inspection

We deliver complete hull cleaning, underwater inspection, and maintenance services to optimise vessel performance. Using advanced technology our experts ensure efficiency, safety, and regulatory compliance for smooth marine operations.

05

Stevedoring Services

Our expert stevedoring team ensures safe, efficient cargo handling with advanced equipment, minimising turnaround times while maintaining top safety and quality standards for all vessel types.

6a

Cargo Securing by Welding

Ensure the safety of your cargo by trusting our professional team of welders. Welding ensures secure, durable maritime cargo fastening, preventing shifting or damage during transit.

Surface Preparation

Welding

6b

Cargo Securing by Lashing Belts

Our team of professionals can help you secure your cargo with lashing belts, which offers flexible and durable solution for securing cargo, ensuring stability and safety during transit across rough seas.

6c

Cargo Securing by Shoring

Ensure the safety and compliance of your cargo by our shoring services which provide robust, customizable support to secure cargo during transit.

6d

Cargo Securing by Lashing in Container

We provide reliable cargo securing services by lashing in containers, ensuring safe transportation of goods. Our skilled team uses industry-standard techniques to prevent movement and damage, and risks during transit.

7a

Cargo Heat Shrink Wrap

Our heat shrink wrap service provides durable protection against weather, dust, and damage, ensuring secure, professional, and safe delivery of your cargo.

7b

Cargo Vacuum Packaging

We offer specialised vacuum packaging solutions tailored to client needs. This process safeguards cargo from rust, moisture, and corrosive sea elements, guaranteeing cargo safety during transit.

7c

Cargo Wooden Box Packaging

We provide tailored wooden box packaging solutions designed to protect cargo during marine transport. Our durable, high-quality packaging safeguards goods from impact, and rough handling, ensuring secure transit.

Bulk Cargo Handling Services

We provide efficient bulk cargo handling services for safe and timely loading, unloading, and storage. Our skilled team and modern equipment ensure minimal turnaround, cargo integrity, and smooth marine operations.

Thank You!

Hope we can work and excel together.
