About Us

SAW Kitchens is a Lahore-based joinery and interior solutions company, Established in 2014 by the founder Sufian Ahmad Warraich, specialized in high-quality kitchens, wardrobes, doors, media walls, and custom furniture. With a fully equipped manufacturing facility, we offer complete control over quality, design, and delivery timelines. Our team works closely with Architects, Interior Designers, Developers, and Homeowners to deliver tailored solutions that blend functionality with aesthetics. From single residences to large-scale apartment projects, SAW Kitchens brings craftsmanship, consistency, and commitment to every project.

Our Mission:

At SAW Kitchens, our mission is to deliver functional, durable, and beautifully crafted interior solutions that elevate everyday living. We aim to set a benchmark in kitchen and wardrobe manufacturing by combining skilled craftsmanship, modern machinery, and personalized service all under one roof.
meet every deadline.

Our Core Values:

- **Quality First** We use premium materials and precision workmanship to ensure long-lasting and flawless results.
- **Integrity** We believe in honest communication, transparent pricing, and delivering exactly what we promise.
- **Innovation** From design to installation, we embrace smart techniques, modern tools, and creative thinking.
- **Client Centered Approach** Every project is tailored to the client's space, needs, and vision we listen, design, and build accordingly.
- **Timely Delivery** With our in-house factory setup, we maintain control over production timelines to meet every deadline.

Manufacturing Facility:

SAW Kitchens proudly operates its own joinery and fabrication unit, equipped with modern woodworking machinery. This enables us to ensure quality control, timely delivery, and customization across all our products whether it's kitchens, wardrobes, media walls, or doors.

Our Team:

Our team brings over more than 15 years of combined experience in the interior joinery and fit-out industry. From designers and engineers to skilled craftsmen and project managers, each member of our team is dedicated to precision, functionality, and aesthetics. We've successfully delivered residential and apartment based projects across Lahore, including work for Bahria Town, Penta Square, Gold Crest, and Askari 11 Apartments.

Our Services

Modular Kitchen:

We design and build custom modular kitchens that combine style, functionality, and durability. From sleek modern layouts to practical storage solutions, every kitchen is tailored to fit your space and lifestyle. Manufactured using perfect materials and quality hardware, our kitchens are made to last and impress.

Doors:

From main entrances to room partitions, our doors are designed for durability and aesthetic appeal. Available in custom finishes and styles, each door is manufactured in-house to ensure quality, consistency, and perfect fit.

Wardrobes:

Our custom wardrobes are built to maximize storage and style. Whether sliding or hinged, each piece is crafted with attention to detail, using durable materials, premium hardware, and smart internal layouts to suit your daily needs.

Media Walls:

We create elegant media walls that blend seamlessly with your living space. Designed to house your TV, decor, and storage, our media units are both functional and visually striking crafted to match your interior style.

Our Process

From the first meeting to final installation, SAW Kitchens ensures a smooth, transparent, and professional journey.

- Step 1: Consultation & Requirements.
We listen to your needs, lifestyle, and space requirements. Site visit & measurements.
- Step 2: Design & 3D Visualization
Custom design concepts created. 3D renderings for clear visualization.
- Step 3: Material & Hardware Selection
Choose finishes, Colours, and Accessories. High-quality European Hardware options.
- Step 4: Production
Manufactured at our in-house facility. Quality checks at every stage.
- Step 5: Installation
Professional team ensures smooth, precise fitting. Timely delivery and handover.
- Step 6: After-Sales Support
Warranty and Maintenance Guidance. Customer care for any future needs.

Projects by SAW

SAW Kitchens has proudly delivered high-quality interior joinery solutions across a wide range of locations in Pakistan. Our completed projects span major urban centers including Lahore, Islamabad, Sialkot, Multan, and Gujranwala. Within Lahore, we have worked extensively in premium residential and commercial zones such as DHA (all phases), Bahria Town, Askari 10 & 11, Gulberg, Model Town, and other established societies. Whether it's a modern apartment or a private residence, our team brings consistent craftsmanship and on-time delivery to every location we serve.

We really loved the customer service and high quality
work by Saw Kitchen. Mr. Sufiyan and his brother has
been really helpful in guiding us about the design and
delivered the work promptly on time. We were
impressed by the speed of all deliverables. 🍷

I would highly recommend them for kitchen and
wardrobe services. I am attaching the pictures of
wardrobe doors and hood pipe covering for everyone
to see their amazing craftsmanship. Work was done in
a very neat and professional way. Truly a great job
done. Thank you! 😊👍
