"Innovation leads our journey, excellence defines our service, and impact drives our mission — at Insight ProTech Solutions Ltd, we power progress through smart, secure, and sustainable solutions."

About IPTS

About Insight ProTech Solutions Ltd

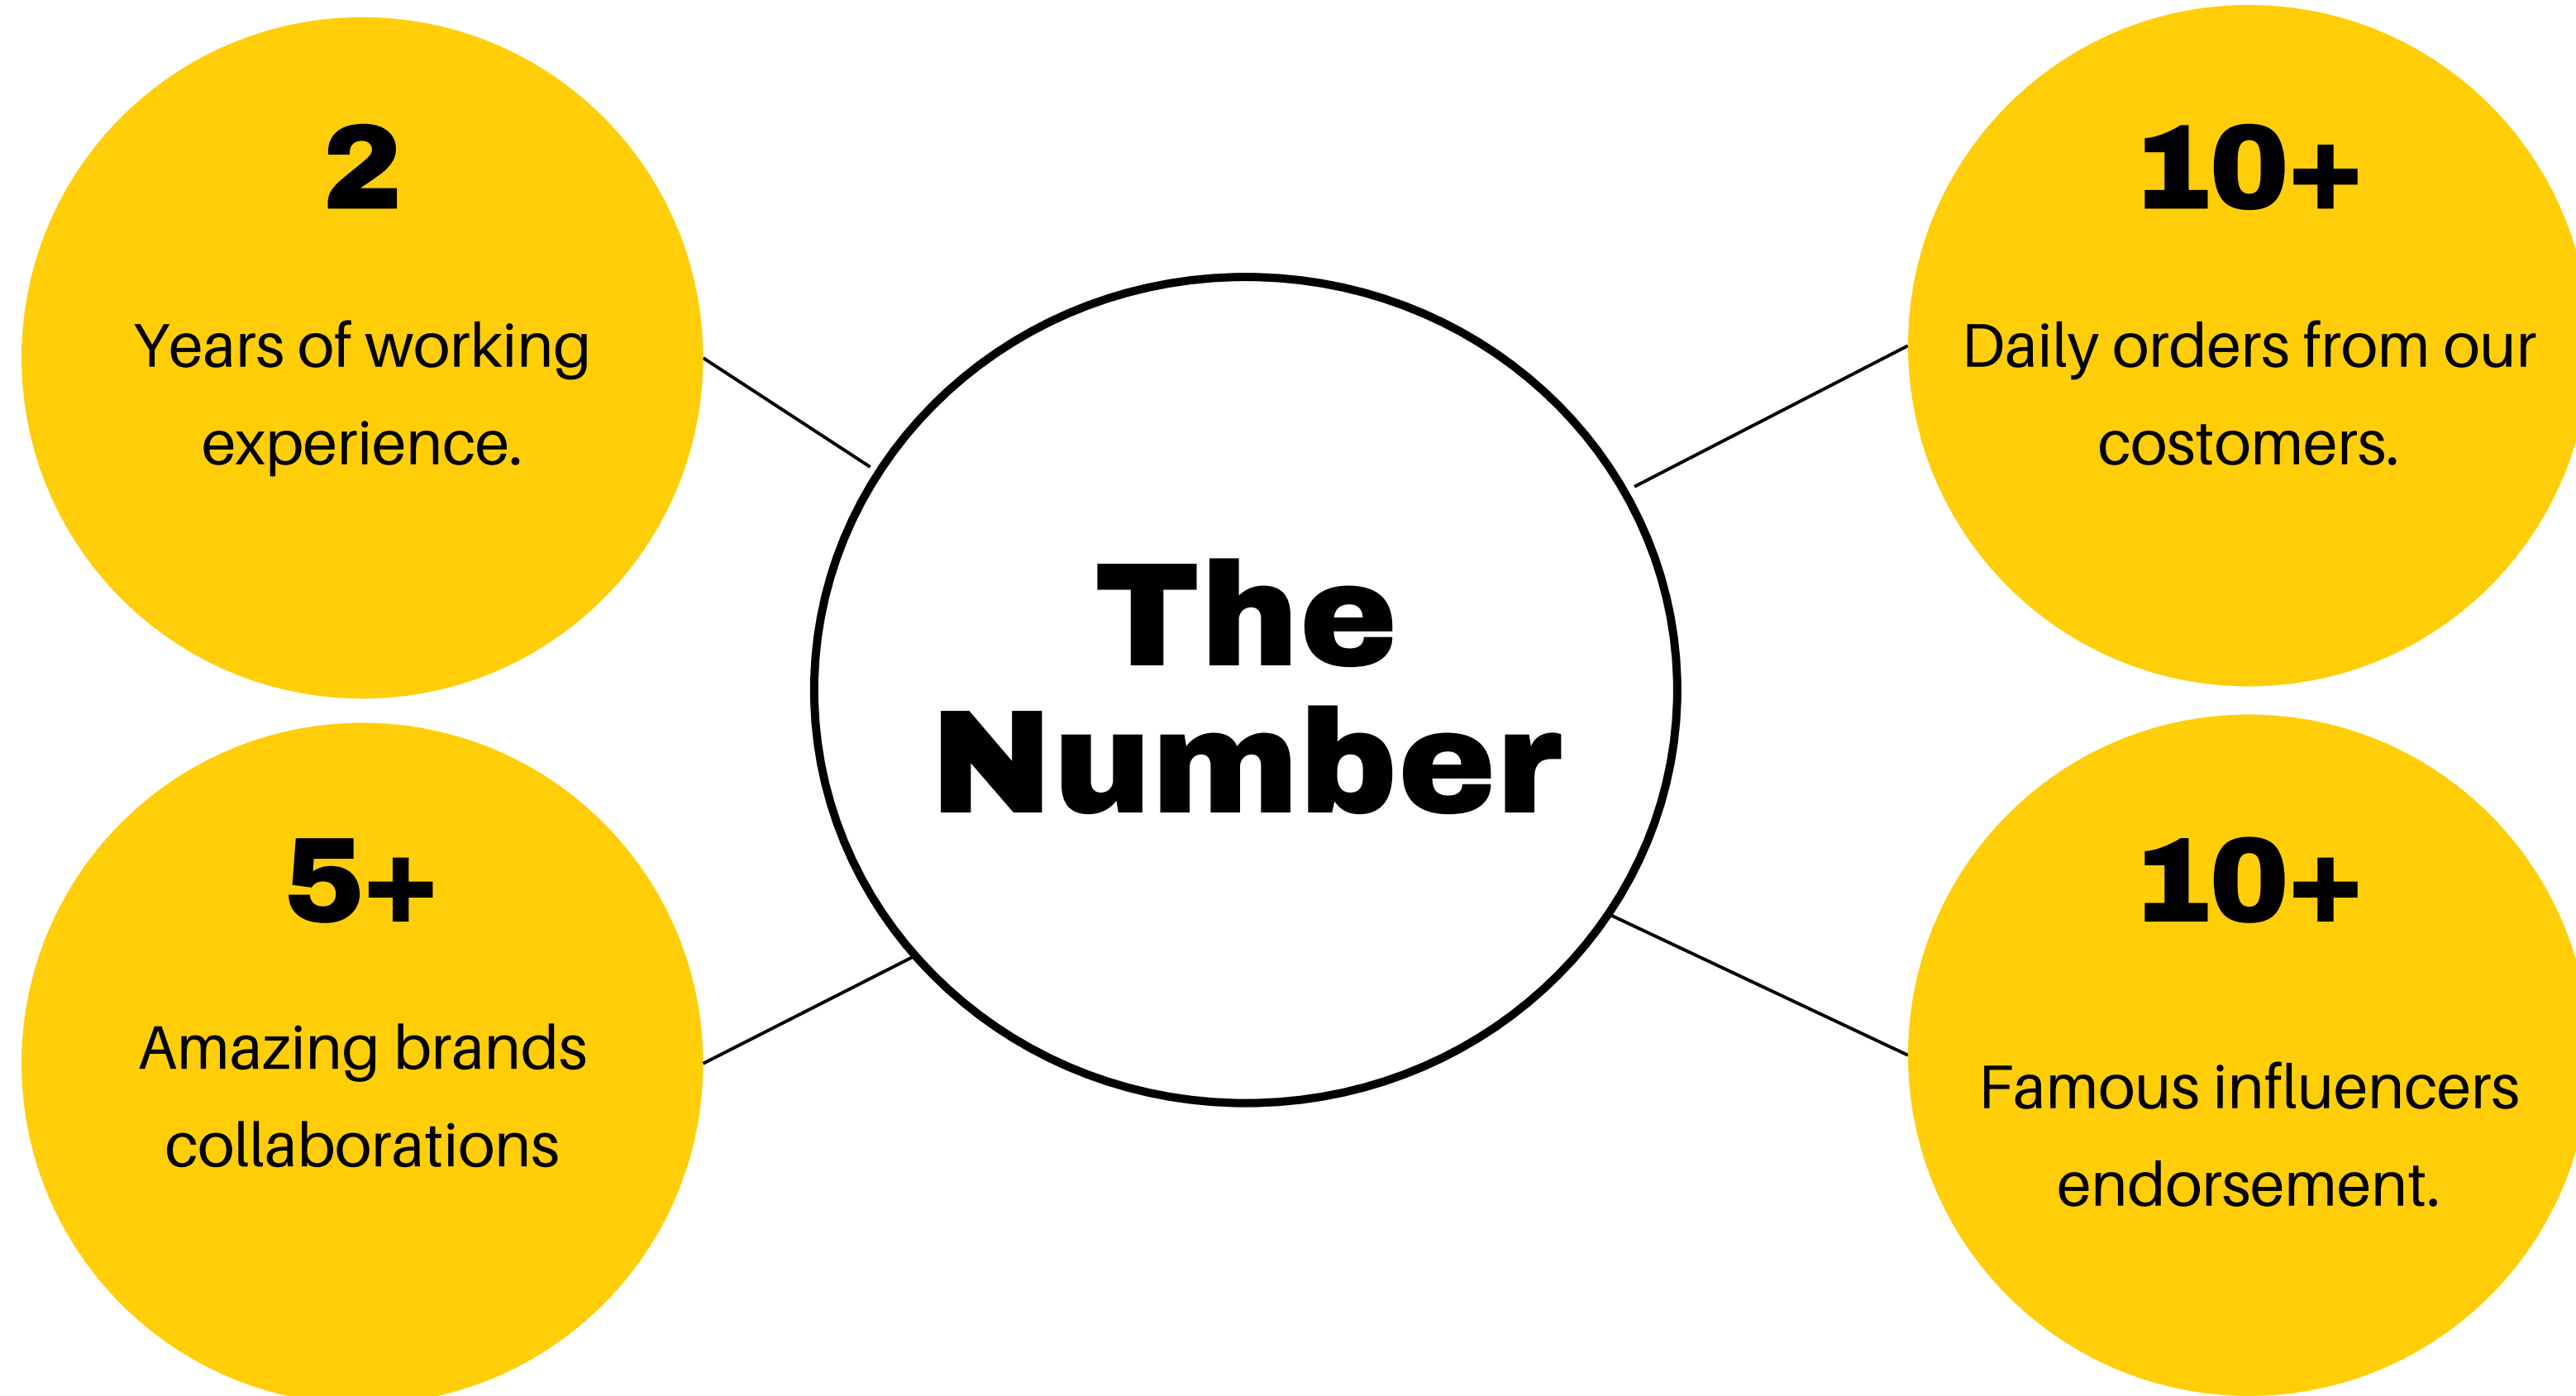

Insight ProTech Solutions Ltd is a dynamic, innovation-driven company focused on delivering cutting-edge solutions in renewable energy, smart automation, security systems, electrical installations, and digital connectivity. Founded by Umar Sanda Ahmad, the company was built with a clear vision: to power Nigeria and Africa with smarter, safer, and more sustainable technologies.

Headquartered in Abuja, Nigeria, we specialize in providing tailored, end-to-end services for homes, offices, farms, estates, and government institutions. From solar energy installations to advanced CCTV surveillance, smart home/office automation, and internet infrastructure, Insight ProTech Solutions delivers reliable, efficient, and future-ready solutions.

Backed by a team of experts and trusted partnerships with global manufacturers and suppliers, our goal is to transform the way individuals and businesses access power, security, and technology—affordably and professionally.

We are committed to excellence, innovation, and customer satisfaction, making us one of the most trusted brands in the tech and energy sectors in Nigeria.

Milestones

2023

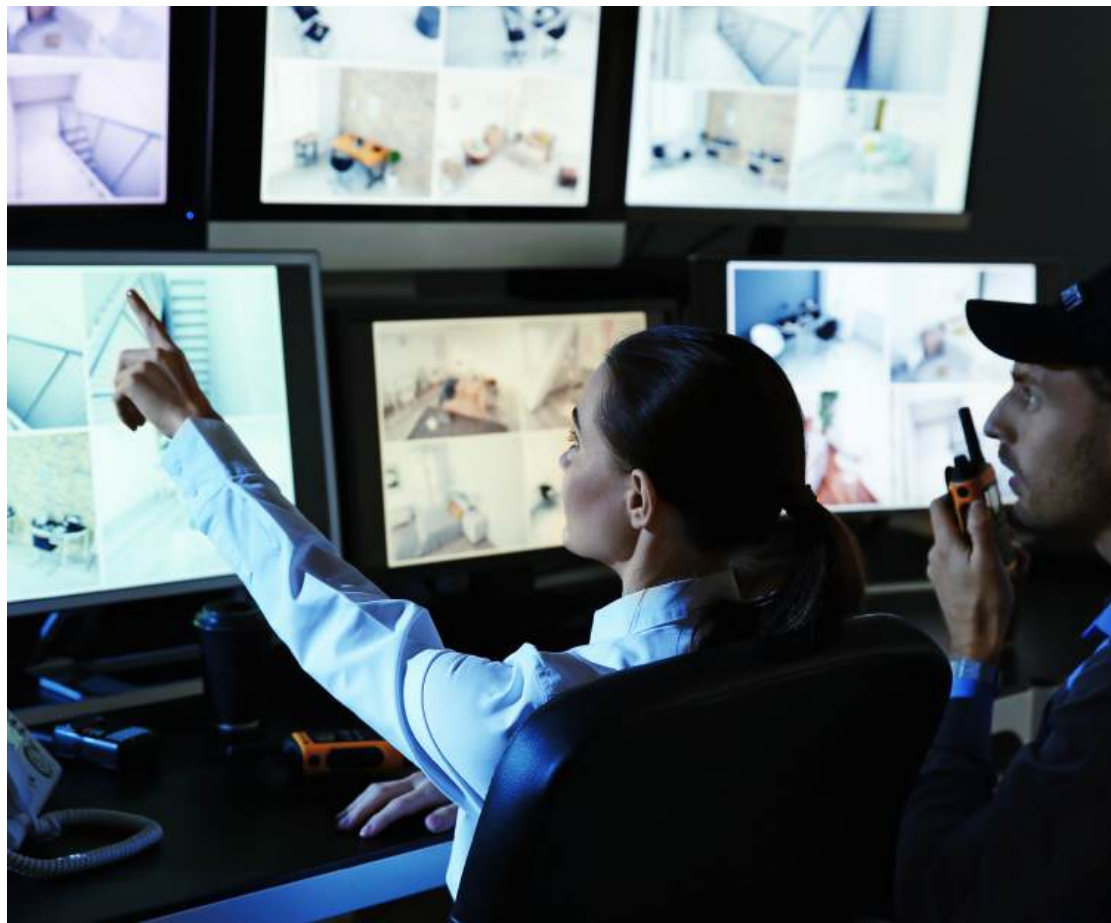

- Company Establishment
 - Insight ProTech Solutions Ltd was founded by **Umar Sanda Ahmad**, with a mission to provide innovative, technology-driven solutions in energy, security, and automation.
- **Service Development & Market Research**
 - Conducted strategic market analysis in renewable energy, smart automation, and ICT services.
 - Defined the core services and built the company's operational and departmental framework

2024

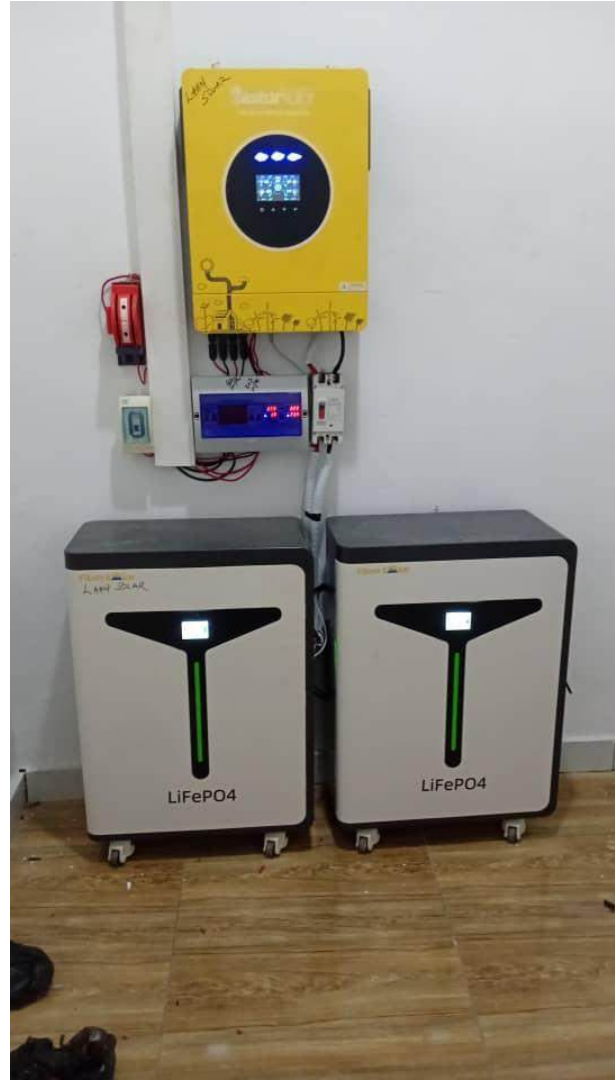

- Project Execution & Service Launch
 - Successfully deployed renewable energy systems (inverters, batteries, and solar panels), smart automation, and CCTV installations for notable clients:
 - Maple Residence (Cluster A & B) – Life Camp, Abuja
 - Cedar Residence – Life Camp, Abuja
 - Chanchaga Local Government Council – Niger State
 - Niger State Ministry of Finance – Minna
 - Niger State House of Assembly – Minna
 - JANNARI Integrated Farms – Minna
 - Delivered smart door lock installations and home automation solutions for clients including Prof. Okoroh Michael.
 - Installed streetlight systems, surveillance networks, and power management solutions for government clients.
- Brand Development & Corporate Identity
 - Designed flyers, business cards, and official company profile.
 - Introduced professional documentation: appointment letters, commission policies, service brochures, and warranty certificates.

2025

- Strategic Partnerships
 - Entered into key partnerships with:
 - Growtech Energy – Supplier
 - Vamitek Energy – Manufacturer
 - Gospower Energy – Manufacturer
 - VStar Cam China – CCTV Manufacturer
 - Urban Atlantics – Technology & innovation
 - Ample Innovative Homes – Real estate automation and energy
 - Marketing Expansion
 - Introduced a formal referral and commission policy with negotiable rates for high-value projects.
 - Created branded content, digital flyers, and background images for promotions and online use.
 - Digital Transformation & Profile Update
 - Finalized business profile content: “About Us,” “Why Us,” mission, vision, and service listings.
 - Launched visual campaigns showcasing installations, engineering teams, and smart system deployment.

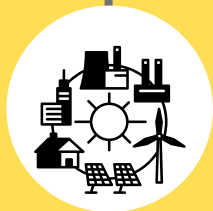

Our Services

```
graph TD; A((Our Services)) --- B[RENEWABLE ENERGY]; A --- C[CCTV & SECURITY SYSTEM]; A --- D[SMART HOME & OFFICE AUTOMATION.]; A --- E[INTERNET CONNECTIVITY & NETWORKING];
```

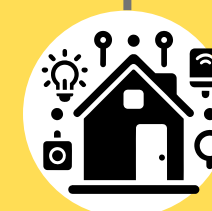

RENEWABLE ENERGY

Design, supply, and installation of solar panels, inverters, and batteries for homes, businesses, and industrial use.

CCTV & SECURITY SYSTEM

Installation and maintenance of high-definition CCTV cameras, alarm systems, electric fences, access control, intercoms, and motion detectors.

SMART HOME & OFFICE AUTOMATION.

Integration of smart lighting, smart locks, motion sensors, smart curtains, remote control systems, and voice-activated assistants for automated living and working.

INTERNET CONNECTIVITY & NETWORKING

Broadband installation, fiber optics, wireless network setup, P2P links, server room configuration, and office/home internet solutions.

Business Strategy

1. INTEGRATED SOLUTIONS STRATEGY

Positioning the company as a one-stop provider for clean energy, automation, security, and connectivity systems. This strategy emphasizes bundling services — such as solar + smart home + CCTV — into cost-effective packages, making it easier for clients to adopt technology holistically.

Key Goal: Maximize value per client while strengthening long-term relationships through cross-service integration.

2. PARTNERSHIP & LOCAL SUPPLY CHAIN STRATEGY

Leverage strategic partnerships with manufacturers and suppliers like Growtech Energy, Gospower, and Vamitek to ensure cost-effective, high-quality products. This includes working with local installers, logistics firms, and developers to improve reach and service delivery.

Key Goal: Reduce costs, boost speed of deployment, and increase scalability across regions through reliable partner networks.

The Service Delivery Process

1

CONSULTATION & NEEDS ASSESSMENT

We begin with a detailed consultation to understand the client's needs, assess the site (if required), and provide expert recommendations tailored to their goals, environment, and budget.

2

DESIGN, PLANNING & PROPOSAL

Our team designs customized solutions, prepares technical and financial proposals, and outlines the project plan. Once approved, we schedule delivery timelines and assign specialists.

3

IMPLEMENTATION & AFTER-SALES SUPPORT

We carry out installations with precision using certified engineers and technicians. Post-installation, we provide user training, technical support, routine maintenance, and warranty services.

Our Client Benefits

1. **EXpertise & Professionalism:** Gain access to a team of certified professionals with proven experience in renewable energy, automation, security, and electrical systems.
2. **Custom Solutions:** We design solutions tailored to your specific needs—ensuring efficiency, scalability, and long-term value for homes, offices, and businesses.
3. **Reliable After-Sales Support:** Enjoy peace of mind with our warranty, technical support, and routine maintenance services long after project completion.
4. **Cost-Effectiveness:** Our systems are built for energy efficiency, reduced electricity bills, and long-term savings—delivering value beyond the initial investment.
5. **Quality Assurance:** We use industry-leading products, reputable brands, and cutting-edge technology to ensure quality, durability, and performance.
6. **All-in-One Service:** From consultation to design, installation to maintenance—we handle every stage, so you don't have to juggle multiple vendors.

UMAR SANDA AHMAD

CEO / FOUNDER

Umar Sanda Ahmad is a visionary entrepreneur and the Founder, Chairman, CEO, and Managing Director of Insight ProTech Solutions Ltd — a forward-thinking technology and engineering company based in Abuja, Nigeria. With a passion for innovation, energy efficiency, and cutting-edge technology, he has led the company's transformation into a rising leader in renewable energy, smart automation, security systems, and ICT solutions.

We Umar holds multiple certifications in ICT, entrepreneurship, and project management, including those from institutions like PAN-Atlantic University, IFC (World Bank), HP Foundation, and Santa Clara University. His educational background and field experience span across smart home technology, solar energy systems, CCTV & security installations, and digital automation, giving him both the strategic insight and technical know-how needed to drive business success.

He has successfully overseen high-profile projects across government, residential, and private sectors—including the Niger State House of Assembly, Maple Residences, and JANNARI Farms—and continues to develop partnerships with leading manufacturers and suppliers such as Gospower Energy, Vamitek, and VStar Cam China.

As a dynamic leader with a strong belief in sustainable development, Umar Sanda Ahmad is dedicated to empowering communities through technology, creating business opportunities, and building an inclusive, energy-efficient future across Nigeria and beyond.
