DIAMOND CORE BIT

Prime Diamond laser-welded rooftop concrete Core bits are developed for a long life and enables fast cuts on tough reinforced concrete, exposed aggregate and precast concrete with longevity tools life.

Diameter: **18mm to 500mm**
(Special diameter available upon request)

Working length : **400mm & 450mm**
(Special length available upon request)

Connection : **1/2" & 1-1/4"**

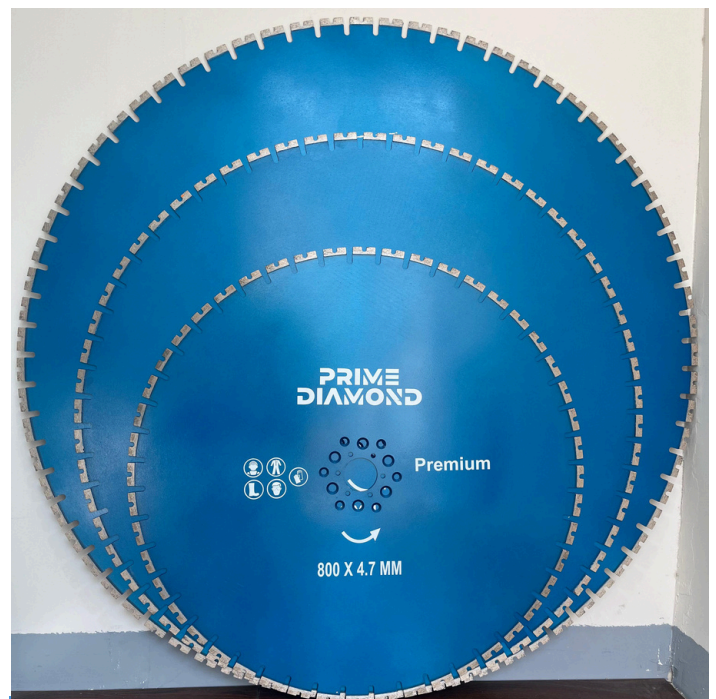

SAW BLADES

Prime Diamond Laser welded Saw Blade for reliable cutting reinforced Concrete & tough aggregates.

WALL SAW BLADE

Diameter: Diameter **600mm to 1200mm**
(*Special diameter available upon request*)
Bore Dia **60mm & 25.4mm**

FLUSH CUT SAW BLADE

Available Diameter **800 to 1200mm**
(*Special diameter available upon request*)
Bore Dia **60mm**

FLOOR SAW BLADE

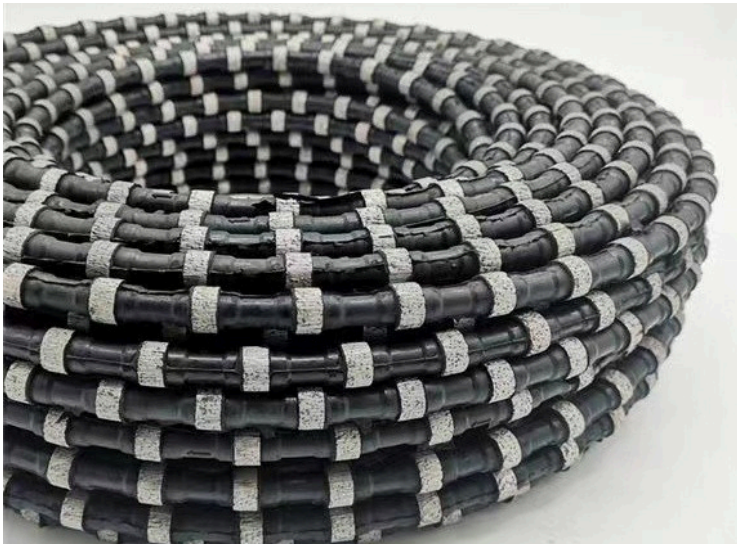

Available Diameter **800 to 1200mm**
(*Special diameter available upon request*)
Bore Dia **25.4mm & 60mm**

DIAMOND WIRE

Prime Diamond supplies premium diamond wire for reinforced concrete sawing & cutting machine. Designed for delivering the highest performance.

Available Size: **11mm** (*Special diameter available upon request*)
No. of Beads / MTR: 40 No's
