SEVEN

A modern office interior featuring large windows, desks, and ergonomic chairs. The office is bright and airy, with a view of a city skyline. The desks are light-colored and have a clean, minimalist design. The chairs are dark-colored with a mesh backrest. The floor is covered in a patterned carpet. The overall aesthetic is professional and contemporary.

Versatile Office Desk System

TASK

CHAIR

Introducing

Collection of Premium task chairs from HighPoint with premium ergonomic functions adjustable to fit perfectly on users height, seat depth and lumbar support to promote comfort, productivity and well being

TRIUM

Trium innovative “Smart Lumbar Fit System” supports a proper tension and equal load distribution by mesh support bowing movement. With so much time spent sitting at a desk, spinal compression has become one of the major impediments to worker health and productivity. Here we suggest a solution with precise lumbar support to promote wellbeing.

Everyone has different spine shape and to release spinal compression is Trium's task

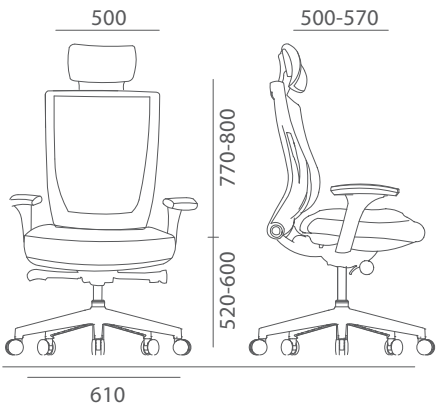

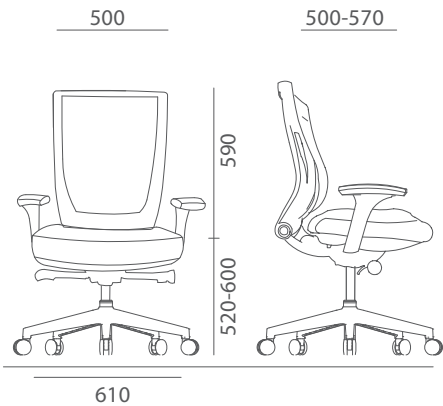

Specification

Type	High & Medium Back Task Chair
Head-Rest	Height Adjustable
Back-Rest	Breathable Polyester Mesh
Arm-Rest	3D with PU Pad
Lumbar	Smart Lumbat Fit System
Seat	Sliding Seat

Features

ARGOS

Focusing on simple and universal design, Argos delivers an outline that harmoniously blends with work spaces. Fitted with renowned 'Donati' mechanism provides the utmost ergonomic synchronised chair movement. Exposing only pivotal functions and generating simple look that represent the ideology of minimal design. Fitted with super elastic mesh which has great permeability and elasticity embodies users naturally.

**Simple and universal designed
high performance task chair!**

Features

GAVA

Highly functional Gava ergonomic chair helps to escalate working efficiency by providing comfortable and healthy atmosphere. Uplifting backrest mechanism enables precise support by increasing and decreasing degree of curve in the lumbar. Gava flexible backrest feature fits every sitting movement and promotes correct posture. Weight balanced synchro mechanism with tension adjustment supports accurate tension requirement.

**GAVA designed to fit the
various requirements of work
circumstance.**

TABLE SCREEN

A modern office workstation is shown. In the foreground, a white adjustable desk is partially visible, with a silver laptop open on it. The laptop screen displays a pink and purple abstract image. Behind the desk is a grey acoustic partition. To the left, a large whiteboard is mounted on the wall. The background is a plain white wall, and a blue rectangular object is visible on the right side of the wall.

HIGH ACOUSTIC RATING

Beautifully designed and using carefully selected materials with best absorption and isolation performance.
TUV - 32 dB / NIC

EASY TO ASSEMBLE

Flat packed & can be up and running in 1.5 hours

HIGHEST QUALITY

Sophisticated automation machinery ensures consistency of quality, while robust construction using galvanised materials creates the finest quality.

RETRACTABLE & PORTABLE

It is designed to be easily dismantled, moved, and reinstalled. Integrated ball bearing to roll around allows ease of mobility in any space.

ENERGY EFFICIENT

Sensor-based on-off switch with external light in-use function and ventilation fan. To ensure the electricity consumption is as low as possible.

COMFORTABLE AND BREATHABLE

Work comfortably in a well-ventilated space with great acoustic properties.
