

# vivint

Peace of Mind Starts Here.

# Who has eyes on your home when you're not there?

With Primerica and Vivint, there is always someone looking out for what matters most.

Keeps your home secure with advanced technology and real human support.

## Smarter security made simple.

Your Vivint system is customized for your home, professionally installed, and backed by award-winning 24/7 monitoring. It works quietly in the background—so you can focus on life, not security.

### What you get with a Vivint system:

- Security cameras with HD video you can view anytime, anywhere
- Crime prevention that lets lurkers know they've been spotted
- Smart detection for people, packages, vehicles, and more
- Sensors and locks that keep your home safe and keep you informed
- The Vivint app for control in one spot and alerts from anywhere

# Real stories from real Vivint customers.

“When a frozen water pipe burst in a condo above ours at the Lake of the Ozarks, we were able to see it from our Vivint camera while we were hours away. I had no idea until Vivint called me and I was able to call the developer to investigate the situation for us. We are so grateful for Vivint!”

– Rick, CA  
A Primerica Representative

“Recently, a man tried to get into my house at about 3:20 a.m. while we were gone. He tried to enter a door code four or five times, and he probably would’ve gotten into my house had I not had my new Vivint system. It’s amazing!”

– Alfred, OH

“What I like about the system is being able to control lights, being able to watch the kids, and the ability to control the thermostat, which has been economical on our bill cost.”

– Leroy, MO

Sunday–Saturday, 9–12 a.m. ET
2. Provide the name and five-character Rep ID of your Primerica Representative.
3. A Vivint specialist will help you customize a system for your unique home!

**The industry’s talk about Vivint**

“Vivint is our top pick because it’s the leading company out there actively innovating to deter crime, not just record it. Vivint’s state-of-the-art proprietary equipment, advanced smart home integration, and theft-deterrent features are a cut above the average system.”

— **Safewise**

safewise.com, “Vivint Home Security Review 2025,” May 7, 2025

“With Vivint Smart Home, you get a full-blown home security system that is constantly being monitored, and a comprehensive home automation solution you can control from just about anywhere, including cameras with Smart Deter and a high-resolution video doorbell.”
